# Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Elbert L. Myers (Name of Applicant)

of Box 65 (Mailing address), Glendale (City)

State of Oregon, 97442 (Zip Code), do hereby make application for a permit to construct the

following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is no name

2. The name of the stream from which the reservoir is to be filled and the appropriation made is

3 unnamed springs  
tributary of Cow Creek

3. The amount of water to be stored is 0.64 acre feet.

4. The use to be made of the impounded water is irrigation  
(Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 4  
(Give sections or townships to be submerged)  
Tp. 33S, R. 6W, W.M., in the county of Douglas

(a) State whether situated in channel of running stream and give character of material at outlet  
Not in a stream, clay soil at outlet

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions 3 unnamed springs. Spring #2 is 25' South of pond bed by a ditch 3' wide by 5' deep. Spring no. 3 is in the pond. The pond is located in the channel formed by the water from the three springs.

6. The dam will be located in NW $\frac{1}{4}$  of NE $\frac{1}{4}$  (Smallest legal subdivision), Sec. 4,  
Tp. 33S, R. 6W, W.M. The maximum height will be \_\_\_\_\_ feet above stream bed or ground surface on center line of dam. The length on top will be \_\_\_\_\_ feet; length on bottom \_\_\_\_\_ feet; width on top \_\_\_\_\_ feet; slope on front or water side \_\_\_\_\_; slope on back \_\_\_\_\_; height of dam above water line when full \_\_\_\_\_ feet. This is an old natural pond, part of which was excavated. There will be no dam, or diking.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon 97310.

Practically no runoff in the summer.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: .....

.....  
.....  
.....

8. The location of wasteway with dimensions are as follows: .....  
(State whether over or around the dam)

.....  
.....  
.....

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 2' x 4' natural opening of ground. At north corner  
(All dams across natural stream channels must be provided with an outlet conduit, of such capacity and  
of pond  
location to pass the normal flow of the stream at any time)

10. The area submerged by the proposed reservoir, when full, will be .40 acres,  
with a maximum depth of water of 4' feet; and approximate mean depth of water  
2 feet.

11. The estimated cost of the proposed work is \$ none

12. Construction work will begin on or before ..... completed

13. Construction work will be completed on or before ..... completed

X Elbert L. Myers  
(Signature of applicant)

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction and completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before ~~March 11~~ July 10, 1974

WITNESS my hand this ~~9th~~ 10th day of January, 1974

Remarks: ~~The pond is located in the channel formed by the water from the three springs.~~ This is an old natural pond part of which was excavated. There will be no dam or dike. There is practically no runoff in the summer.

*Water from spring no. 1 is ditched into the pond. Springs # 2 & 3 are in the pond.*

STATE OF OREGON, }  
 County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from 3 unnamed springs to be appropriated under Application No. 51172, Permit No. 38674 for irrigation

The right hereunder shall be limited to the storage of 0.64 acre feet.

The priority date of this permit is August 30, 1973

Actual construction work shall begin on or before November 13, 1976 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1977.

WITNESS my hand this 13th day of November, 1975.
