RECEIVED

Remarks: Water for this pond will be supplied from the overflow of the spring and seepage from the surrounding area, which creates the small stream. The pond will be filled by diverting water from this stream through a pipe approx 20ft long. The excavation will be outside of the stream bed and the water level when full will be level with the stream.

Flood and surplus water flow will remain in existing stream. The pond will be a free style excavation - working around existing trees. Area of pond will be approx 1600 sq ft at an average depth of six feet.

Since the terrain in this area is nearly level, a dam or Retainer will not be necessary.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and storage of water from an unnamed stream to be appropriated under application No. 54264, permit No. 40592 for recreation.

The right hereunder shall be limited to the storage of 0.2 acre feet.

The priority date of this permit is May 13, 1976.

Actual construction work shall begin on or before August 5, 1977 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1978.

WITNESS my hand this 5th day of August, 1976.
