

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Gilbert C. Lapham (Name of Applicant)

of Vistillas, County of Lake (Postoffice)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation No

1. The name of the proposed reservoir is Lapham Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Colde Spring Creek and melting snow is the source of supply

tributary of Fishhole Creek

3. The amount of water to be stored is Approximately 50 acre feet.

4. The use to be made of the impounded water is irrigation (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 5 & 6 T. 39 S., R. 16 E.W.M. (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet No

Diversion from stream will be in Northwest quarter Southeast quarter Sec. 29, Tp. 38 S., R. 16 E.W.M.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions Lapham Ditch Top 2' 6" Bottom 1' - Depth 16" - gade 1" fall in 15'. A supplemental supply and melting snow is the only source of supply during the months of March and April.

6. The dam will be located in NE 1/4 NE 1/4, Sec. 6, Tp. 39 S, R. 16 E, W. M. It will be 18:50 feet in height, (No. N. or S.) (No. E. or W.) (Smallest legal subdivision)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

having a length on top of 327' feet; length on bottom 2' feet; width on top 10' feet slope of front or water side 2' to 1' (Feet horizontal to 1 vertical) slope on back 1' to 1' (Feet horizontal to 1 vertical); height of dam above water line when full 3' feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Earth fill with riprap of stone on back and front.

8. The location of wasteway with dimensions are as follows: East end of dam 3' in width (State whether over or around the dam) 3' in depth

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 10" square made from 2" pine plank located in center of dam. (State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 26.32 acres, with a maximum depth of water of 14.75 feet; and approximate mean depth of water 8.09 feet.

11. The estimated cost of the proposed work is \$ dam is built

12. Construction work will begin on or before

13. Construction work will be completed on or before

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

Gilbert C. Lapham (Name of applicant)

Vistillas, Oregon

Signed in the presence of us as witnesses:

(1) E. A. McBroom, Vistillas, Oregon (Name) (Address of witness)

(2) J. W. Gritton, Vistillas, Oregon (Name) (Address of witness)

Remarks: The construction of ditch was completed last May, its purpose is for supplemental supply to reservoir constructed under Permit No. 486. The present supply has not been sufficient to fill the reservoir for several years and I have had to haul water to water stock in fall and early winter for several years. This ditch will get its supply from melting snow in the spring of year. I would estimate the drainage at about 480 acres. With the exception of the spring run-off of melting snow spring creek is a stock water flow at times it will not flow down to my place.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the storage of 50 acre feet of water from Colde Spring Creek and melting snows, to be appropriated under Application No. 14998, Permit No. 10911. The supply of water obtained under this permit shall not be an enlargement of Permit No. R486, but shall be a supplemental supply to that right.

The right hereunder shall be limited to the storage of 50 acre feet.

The priority date of this permit is November 23, 1932

Actual construction work shall begin on or before July 20, 1934

and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1935

WITNESS my hand this 20th day of July, 1933
