

CERTIFICATE NO. 46366

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Rock Creek District Improvement Company, of Wamic, County of Wasco, State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation. Incorporated December 17, 1936, under the State Improvement District Laws.

1. The name of the proposed reservoir is Rock Creek Reservoir

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Rock, North Fork of Gate and Threemile Creeks tributary of White River

3. The amount of water to be stored is 1500 acre feet (SEE REMARKS) supplemental irrigation

4. The use to be made of the impounded water is Irrigation, Stock and Domestic (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 14, Township 4 South, Range 11 East, W. M.

(a) State whether situated in channel of running stream and give character of material at outlet. Situated in channel of Rock Creek, a running stream. Character of material of outlet is rock in bottom of stream bed.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions. Supplemental supply to be supplied to reservoir from North Fork of Gate Creek Feed Canal and Threemile Creek Feed Canal. The N. Fork of Gate Creek Feed Canal to be 3' deep 6' wide and about 1 1/2 miles in length. The Threemile Feed Canal to be 3' deep 6' wide and about 2 miles in length. The capacity of each Feed Canal to be approximately 50 second feet.

6. The dam will be located in NE 1/4, SE 1/4 and SE 1/4, SE 1/4, Sec. 14, Tp. 4 South, R. 11 East, W. M. It will be 50 feet in height.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

having a length on top of ..... 700 ..... feet; length on bottom ..... 250 .....  
 ..... feet; width on top ..... 20 ..... feet slope of front or water side ..... 6:1 & 3:1 .....  
(Feet horizontal to 1 vertical)  
 slope on back ..... 2:1 .....; height of dam above water line when full  
(Feet horizontal to 1 vertical)  
 ..... 5 ..... feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Compacted earth and rock fill with dumped rip rap two feet in depth on upstream face.

8. The location of wasteway with dimensions are as follows: Open channel type wasteway  
(State whether over or around the dam)  
 around left abutment of dam. Wasteway 350 feet in width and with its crest height 5 ft. below the crest of the dam.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: The outlet conduit is reinforced concrete, 26 inches inside diameter  
(State whether through or around the proposed dam)  
 and 9 inches in thickness and 270 feet in length. The conduit is located in the foundation of the dam below the embankment.

10. The area submerged by the proposed reservoir, when full, will be ..... 106 ..... acres, with a maximum depth of water of ..... 45 ..... feet; and approximate mean depth of water ..... 22 ..... feet.

11. The estimated cost of the proposed work is \$ 40,000.00

12. Construction work will begin on or before ..... Has already started

13. Construction work will be completed on or before ..... Three years

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application. Maps now on file in the office of the State Engineer. See map file D38-13 and E14-14

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows: .....

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before ....., 19.....

WITNESS my hand this ..... day of ....., 19.....

State Engineer

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of a reservoir and the storage of water from Rock Creek, Three Mile Creek and North Fork of Gate Creek to be appropriated under Application No. 17838, Permit No. 15519, for supplemental irrigation, irrigation, stock and domestic.

The right hereunder shall be limited to the capacity of the reservoir, namely the storage of 1500 acre feet, plus an additional quantity not to exceed 25 per cent of all the capacity or 375 acre feet to compensate for seepage and evaporation losses and shall be further limited as to the quantities conveyed through the feeder ditches from North Fork of Gate Creek and Three Mile Creek to the capacities of the feeder ditches not exceeding 50 second feet through each of the two ditches.

The priority date of this permit is March 13, 1939.

Actual construction work shall begin on or before September 15, 1944 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1945  
Extended to Oct. 1, 1951  
Extended to Oct. 1, 1952  
Extended to Oct. 1, 1954

WITNESS my hand this 15th day of September, 1943.

CHAS. E. STRICKLIN  
State Engineer
