Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, WEST OREGON LUMBER COMPANY (Name of applicant)

of P. O. Box 6106 Portland County of Multnomah (Post office)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation Incorporated in the State of Oregon

1. The name of the proposed reservoir is West Oregon Lumber Company log pond

2. The name of the stream from which the reservoir is to be filled and the appropriation made is McKenzie River tributary of Willamette River

3. The amount of water to be stored is 90 acre feet.

4. The use to be made of the impounded water is storage pond for logs (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 31, Township 17 South, Range 2 West of the Willamette Meridian; (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet The reservoir is not to be located in the channel of any stream; all water will pumped into the reservoir and an outlet pipe or a wood outlet will be provided as large as the intake.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions The reservoir will be filled by pumping water from a canal operated by the McKenzie Irrigation Association which crosses the said Sec. 31, Tp. 17 S., R. 2 W., along the north line thereof.

6. The dam will be located in no dam/reservoir in W 1/2 of NW 1/4, Sec. 31, Tp. 17 S., R. 2 W., W. M. It will be about seven feet in height, (No. N. or S.) (No. E. or W.) (Smallest legal subdivision)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

around
 having a length ~~on~~ top of 4400 feet; length on bottom 4400
 feet; width on top 18 feet slope of front or water side 2 on 1
(Feet horizontal to 1 vertical)
 slope on back 2 ¹/₈ on 1; height of dam above water line when full
(Feet horizontal to 1 vertical)
 1 to 2 feet feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: earth dike construction well compacted; reservoir rectangular in shape 15 acres in area, no protection from waves.

8. The location of wasteway with dimensions are as follows: Overflow wasteway 1 by 1 feet will will tail back into irrigation canal.
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Outlet on north end of reservoir constructed of wood one by one feet equal to capacity of pumps which will fill it.
(State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 15 acres, with a maximum depth of water of six feet; and approximate mean depth of water five feet.

11. The estimated cost of the proposed work is \$ 10,000.00

12. Construction work will begin on or before October 1, 1943

13. Construction work will be completed on or before November 1, 1943

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

WEST OREGON LUMBER COMPANY
(Name of applicant)

By - J. G. Bourns, Secretary

Signed in the presence of us as witnesses:

(1) Charles Edwards, Eugene, Oregon
(Name) (Address of witness)

(2) D. T. Bagley, Eugene, Oregon
(Name) (Address of witness)

Remarks: The reservoir will be for storing logs and will be filled by pumping water into it. There will not be any other source of water and no water can flow into it by gravity.

The source of water will be from existing ditch of the McKenzie Irrigation Association which took over the canal system of the Eugene-Springfield Land and Water Company.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before _____, 19_____.

WITNESS my hand this _____ day of _____, 19_____.

State Engineer

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of one reservoir and the storage of water from the McKenzie River to be diverted under Application No. 20030, Permit No. 15600, for log pond.

The right hereunder shall be limited to the storage of _____ 90 _____ acre feet.

The priority date of this permit is _____ September 7, 1943 _____

Actual construction work shall begin on or before _____ December 3, 1944 _____
and shall thereafter be prosecuted with reasonable diligence and be completed on or before _____
October 1, 1945 _____

WITNESS my hand this _____ 3rd _____ day of _____ December _____, 19 43.
