

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Roy V. Martin (Name of applicant)

of Jacksonville, County of Jackson (Post office)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Martin

2. The name of the stream from which the reservoir is to be filled and the appropriation made is old mining tunnel in Griffin Creek watershed tributary of Bear Creek

3. The amount of water to be stored is 1.5 acre feet.

4. The use to be made of the impounded water is irrigation (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 33 SW 1/4 SW 1/4 (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet Not in stream channel. To be excavated and sides to be diked with material removed, Clay and granite soil

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions Water to be pumped from mining tunnel and conducted through 6inch concrete tile to reservoir

6. The dam will be located in S.W. 1/4 S.W. 1/4, Sec. 33, Tp. 37 S., R. 2 W., W. M. It will be six feet deep feet in height, (No. N. or S.) (No. E. or W.)

* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

having a length on top of feet; length on bottom
..... feet; width on top feet slope of front or water side
(Feet horizontal to 1 vertical)
slope on back; height of dam above water line when full
(Feet horizontal to 1 vertical)
..... feet.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: material excavated to be diked around all sides.....

8. The location of wasteway with dimensions are as follows: none
(State whether over or around the dam)

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: 10" tile outlet regulated by 1 ft. wooden gate
(State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 1/4 acres,
with a maximum depth of water of 6 feet; and approximate mean depth of water
..... 6 feet.

11. The estimated cost of the proposed work is \$ 300.00

12. Construction work will begin on or before July 1, 1946

13. Construction work will be completed on or before Aug 1, 1946

Duplicate maps of the proposed reservoir and storage works, prepared in accordance with the rules of the State Water Board, accompany this application.

(Name) (Address of witness)

Remarks: The intent of this small reservoir is to impound
sufficient water to irrigate with large enough head to get over
the land more efficiently

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before, 19.....

WITNESS my hand this day of, 19.....

.....
State Engineer

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of one reservoir and the storage of water from an old mining tunnel to be appropriated under Application No. 21754, Permit No. 17066 for irrigation.

The right hereunder shall be limited to the storage of 1.5 acre feet.

The priority date of this permit is June 24, 1946

Actual construction work shall begin on or before August 15, 1947
and shall thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1948

WITNESS my hand this 15th day of August 19.46.
