

\* Reservoir Permit No. R-932 ASSIGNED, See Misc. Rec. Vol. 3 Page 568-69

CERTIFICATE NO. 20739

Application for a Permit to Construct a Reservoir and to Store for Beneficial Use the Unappropriated Waters of the State of Oregon

I, Charles Olberding (Name of Applicant)

of Rt. 1, Box 205, Clackamas (Mailing Address)

State of Oregon, do hereby make application for a permit to construct the following described reservoir and to store the unappropriated waters of the State of Oregon, subject to existing rights.

If the applicant is a corporation, give date and place of incorporation

1. The name of the proposed reservoir is Olberding's pond

2. The name of the stream from which the reservoir is to be filled and the appropriation made is Middle Fork of Richardson's Branch of the Clackamas tributary of Clackamas

3. The amount of water to be stored is 6 acre feet.

4. The use to be made of the impounded water is Irrigation (Irrigation, power, domestic supply, etc.)

5. The location of the proposed reservoir will be in Sec. 9 Tp. 2 S., R. 3 E., W. M., in the county of Clackamas (Give sections or townships to be submerged)

(a) State whether situated in channel of running stream and give character of material at outlet Dam is to be situated in the running stream material at the outlet is concrete layed on very hard clay & rock.

(b) If not in channel of running stream, state how it is to be filled. If through a feed canal, give name and dimensions

6. The dam will be located in lot 9, Sec. 9, Tp. 2 S., R. 3 E., W. M. The maximum height will be 18 feet above stream bed or ground surface on center line of dam. The length on top will be 152 X 8 feet; length on bottom 50 feet; width on top 152 feet; slope of front or water side 27 to 9; slope on back 20 to 10; height of dam above water line when full 4 feet.

\* A different form of application should be used for the appropriation of stored water to beneficial use. Such forms can be secured without charge, together with instructions, by addressing the State Engineer, Salem, Oregon.

7. The construction of dam, the material of which it is to be built, and method of protection from waves are as follows: Pond has a heavy growth of brush and trees especially close to the dam.

8. The location of wasteway with dimensions are as follows: In the creek bed under the dam. (State whether over or around the dam) 50 ft long and 24 inches square with a down spout 14 feet high and 24 inches square inside.

9. The location of outlet from the proposed reservoir, with character of construction and dimensions, are as follows: Outlet will be built in connection with the spillway of concrete 24" square. (State whether through or around the proposed dam)

10. The area submerged by the proposed reservoir, when full, will be 1 acres, with a maximum depth of water of 15 feet; and approximate mean depth of water 10 feet.

11. The estimated cost of the proposed work is \$ 250<sup>00</sup>

12. Construction work will begin on or before Sept. 1, 1948

13. Construction work will be completed on or before May 30, 1949

(Sgd) Charles Olberding (Name of applicant)

STATE OF OREGON, } ss. County of Marion, }

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction or completion as follows:

In order to retain its priority, this application must be returned to the State Engineer, with corrections, on or before, 19.....

WITNESS my hand this ..... day of ....., 19.....

STATE ENGINEER

Remarks: In order to utilize the reservoir this year it is important that construction be started as soon as weather conditions permit. It is imperative that construction be completed before creek gets too low during the dry season. However it is possible that conditions will not permit construction this spring and much as I hate it I may be forced to postpone construction until fall.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions: The right herein granted is limited to the construction of Olberding's pond and the storage of water from M. Fk. of Richardson's Branch, tributary of Clackamas R., to be appropriated under Application No. 23071, Permit No. 18207.

The right hereunder shall be limited to the storage of 6.0 acre feet.

The priority date of this permit is March 24, 1948

Actual construction work shall begin on or before July 2, 1949

and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1950

WITNESS my hand this 2nd day of July, 1948
