Remarks The proposed Davis Ditch showing on the maps by surveyor.
We have named the East Side Ditch No. 1
We expect to use only the surplus flow in Bear Creek, which varies
in different seasons. But we consider we can have plenty of sur-
plus to irrigate with to July 15th any season, which will be ample
for producing good crops of hay for us, and that is what we wish,
and will be satisfied with an irrigating season from April 1st
July 15th.
