

***APPLICATION FOR A PERMIT**

To appropriate the Public Waters of the State of Oregon

I, Ole Nelson (Name of applicant)
of Hood River (Postoffice), County of Hood River,
State of Oregon, do hereby make application for a permit to appropriate the
following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is a nameless spring on city lot (Name of stream)
owned by applicant, a tributary of

2. The amount of water which the applicant intends to apply to beneficial use is
cubic feet per second. possibly less than one miner's inch
(If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is for irrigating garden on two town
lots, also small lawn at north end of lots. (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located ft. and ft. from the
corner of (N. or S.) (E. or W.)

(Section or subdivision)
The point of diversion is located in Lot 4 of Block 33 of Hood River proper, a
recorded plat of an addition to the City of Hood River, Oregon.
(If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary.)
being within the NW 1/4 NE 1/4 of Sec. 36, Tp. 3 N,
(E. or W.) (Give smallest legal subdivision) (N. or S.)

5. The main pipe to be about 55 ft.
(Main ditch, canal or pipe line) (Miles or feet)
in length, terminating in the NW 1/4 NE 1/4 of Sec. 36, Tp. 3 N,
(E. or W.) (Smallest legal subdivision) (N. or S.)

R. 10 E, W. M., the proposed location being shown throughout on the accompanying map.
(E. or W.)

DESCRIPTION OF WORKS

DIVERSION WORKS—

6. (a) Height of dam feet, length on top feet, length at bottom
feet; material to be used and character of construction
(Loose rock, concrete, masonry,
rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate
(Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description Electric pump with motor
one-half horsepower, sufficient for a head of about 12 feet.
(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

* A different form of application is provided where storage works are contemplated.
** Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM OR PIPE LINE—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, about 85 ft.; size at intake, $\frac{1}{2}$ in.; size at 5 ft. from intake $\frac{3}{4}$ in.; size at place of use $\frac{3}{4}$ in.; difference in elevation between intake and place of use, various ft. Is grade uniform? nearly Estimated capacity, about 5 gals sec. ft.

8. Location of area to be irrigated, or place of use

Township	Range	Section	Forty-acre Tract	Number Acres To Be Irrigated
Two city lots in said addition.				
Said spring is located about 25 ft. from south line of said lot 4 and 5 ft. from east side of the lot. (See Remarks)				
3 N	10 E	36	NW ¹ NE ¹	0.21 acres.

(If more space required, attach separate sheet)

(a) Character of soil

(b) Kind of crops raised

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

MUNICIPAL OR DOMESTIC SUPPLY—

10. (a) To supply the city of
..... County, having a present population of
(Name of) and an estimated population of in 193.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 100.00
- 12. Construction work will begin on or before partially done now
- 13. Construction work will be completed on or before July 1st, 1933
- 14. The water will be completely applied to the proposed use on or before June 1, 1933

Ole Nelson
(Signature of applicant)

Signed in the presence of us as witnesses:

- (1) L. W. Onthank, Hood River, Oregon
(Name) (Address of witness)
- (2) Rod Finney, Hood River, Oregon
(Name) (Address of witness)

Remarks: From a small reservoir about 4 ft. square at said spring the water is to be forced by an electric pump through a pipe to the middle of said lot 4, thence along center line of said lots to the south end of lot 17, the land sloping to the east. Faucets are to be inserted for attaching hose at sundry points for distributing the water for irrigating the garden.

The said pipe will also extend north along center of said lot 4, for irrigating that part of garden and the lawn at north end of said property. All this may be understood by reference to map showing said city lots, said map being sent in lieu of any special map drawn for the purpose.

STATE OF OREGON,)
County of Marion,) ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for

Completion and signature

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before June 4,, 1933

PERMIT

STATE OF OREGON,)
County of Marion,) ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,
subject to the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.01 cubic feet per second, measured at the point of diversion from the stream,
water users, from an unnamed spring

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per
second or its equivalent for each acre irrigated and shall be subject to such reasonable rotation system
as may be ordered by the proper state officer.

The priority date of this permit is April 27, 1933

Actual construction work shall begin on or before June 10, 1934 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1935

Complete application of the water to the proposed use shall be made on or before
October 1, 1936

WITNESS my hand this 10th day of June, 1933

CHAS. E. STRICKLIN
STATE ENGINEER
