

CERTIFICATE NO. 11251

\*APPLICATION FOR A PERMIT

To appropriate the Public Waters of the State of Oregon

I, Jay Hamblin (Name of applicant) of Newbridge (Postoffice), County of Baker, State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, subject to existing rights:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Waste water from Eagle Creek (Name of stream), a tributary of Powder River

2. The amount of water which the applicant intends to apply to beneficial use is 0.5 cubic feet per second. 0.25 from each point of diversion hereafter described. (If water is to be used from more than one source, give quantity from each)

\*\*3. The use to which the water is to be applied is irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 300 ft. east and 5 ft. south from the center of corner of west line of NE 1/4 Sec. 10 Tp. 9 S., R. 45 E. W. M., and 30 ft. West and 30 ft. South of said West line of NE 1/4 Section 10 Tp. 9 S., R. 45 E. W. M. being within SW 1/4 NE 1/4 and SE 1/4 NW 1/4 respectively, of said Section 10. (If preferable, give distance and bearing to section corner) being within the S 1/2 N 1/2 of Sec. 10, Tp. 9 S., R. 45 E., W. M., in the county of Baker

5. The ditch to be 3/8 of a mile in length, terminating in the S 1/2 NE 1/4 SW 1/4 of Sec. 10, Tp. 9 S., R. 45 E., W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

DIVERSION WORKS—

6. (a) Height of dam none feet, length on top none feet, length at bottom none feet; material to be used and character of construction (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate none (Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description (Size and type of pump) (Size and type of engine or motor to be used, total head water is to be lifted, etc.)

\* A different form of application is provided where storage works are contemplated.

\*\* Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM OR PIPE LINE—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) two feet; width on bottom two feet; depth of water 2 feet; grade 3 feet fall per one thousand feet.

(b) At                      miles from headgate: width on top (at water line) Ditch same size entire length                      feet; width on bottom                      feet; depth of water                      feet; grade                      feet fall per one thousand feet.

(c) Length of pipe,                      ft.; size at intake,                      in.; size at                      ft. from intake                      in.; size at place of use                      in.; difference in elevation between intake and place of use,                      ft. Is grade uniform?                     . Estimated capacity,                      sec. ft.

8. Location of area to be irrigated, or place of use                     

Township	Range	Section	Forty-acre Tract	Number Acres To Be Irrigated
9 S	45 E	10	NE $\frac{1}{4}$ SW $\frac{1}{4}$	8

(If more space required, attach separate sheet)

(a) Character of soil Sandy  
 (b) Kind of crops raised Pasture, garden

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed                      theoretical horsepower.  
 (b) Quantity of water to be used for power                      sec. ft.  
 (c) Total fall to be utilized                      feet.  
(Head)  
 (d) The nature of the works by means of which the power is to be developed                     

(e) Such works to be located in                      of Sec.                     ,  
(Legal subdivision)

Tp.                     , R.                     , W. M.                       
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?                       
(Yes or No)

(g) If so, name stream and locate point of return                       
                    , Sec.                     , Tp.                     , R.                     , W. M.                       
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is                     

(i) The nature of the mines to be served

MUNICIPAL OR DOMESTIC SUPPLY—

10. (a) To supply the city of \_\_\_\_\_  
\_\_\_\_\_ County, having a present population of \_\_\_\_\_  
(Name of)  
and an estimated population of \_\_\_\_\_ in 193\_\_\_\_\_

(b) If for domestic use state number of families to be supplied \_\_\_\_\_

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 100.00
- 12. Construction work will begin on or before April 1st, 1933
- 13. Construction work will be completed on or before June 1, 1933
- 14. The water will be completely applied to the proposed use on or before June 1, 1933

Jay Hamblin  
(Signature of applicant)

Signed in the presence of us as witnesses:

- (1) George W. \_\_\_\_\_, Baker, Oregon  
(Name) (Address of witness)
- (2) M. B. Strayer \_\_\_\_\_, Richland, Oregon  
(Name) (Address of witness)

Remarks: The above application is to appropriate waste waters used on the lands shown on the accompanying plat. The water drains from the lands indicated on the accompanying plat into a drain ditch at the present time following the line of the County Road. Applicant proposes to divert this water into a ditch at the point indicated and thence to conduct the same to his property. Inasmuch as the waste water dumps into the drain ditch at two distinct places as indicated on the plat, applicant has designated these points as points of diversion, from which points he intends to conduct the water via the drain ditch to the head of a ditch to be constructed by him as indicated.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for \_\_\_\_\_  
correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before March 24 \_\_\_\_\_, 1933.

WITNESS my hand this 22nd day of February \_\_\_\_\_, 1933.

CHAS. E. STRICKLIN  
LN STATE ENGINEER

Application No. 14864

Permit No. 11104

PERMIT TO APPROPRIATE THE PUBLIC WATERS OF THE STATE OF OREGON

Division No. District No.

This instrument was first received in the office of the State Engineer at Salem, Oregon,

STATE OF OREGON, } ss. County of Marion, }

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use measured at the point of diversion from the stream and shall not exceed 0.2 cubic feet per second, or its equivalent in case of rotation with other water users, from waste water from Eagle Creek

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second, or its equivalent, for each acre irrigated, shall not exceed 3 acre feet per acre throughout the irrigation season from April 1, to October 1, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer, and is also limited to the water available at the proposed point of diversion, and does not carry with it the right to require the wasteful use of water by others.

The priority date of this permit is February 21, 1933

Actual construction work shall begin on or before January 26, 1935 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1936

Complete application of the water to the proposed use shall be made on or before

Oct. 1, 1937

WITNESS my hand this 26th day of January, 1934

CHAS. E. STRICKLIN

STATE ENGINEER
