

*APPLICATION FOR A PERMIT

APL NO. 12099

To appropriate the Public Waters of the State of Oregon

I, John P. French
(Name of applicant)
of Long Creek, County of Grant,
(Postoffice)
State of Oregon, do hereby make application for a permit to appropriate the

following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation _____

1. The source of the proposed appropriation is two springs on the right of way of the
(Name of stream)
Pendleton-John Day Highway, a tributary of Long Creek a tributary of John Day River.

2. The amount of water which the applicant intends to apply to beneficial use is 0.2
cubic feet per second. _____
(If water is to be used from more than one source, give quantity from each)

CORRECTION OF APPLICATION FOR PERMIT NO. 15126
of John P. French, Long Creek, Oregon.

Paragraph 4. The water from the spring described as being at a point 1725 feet south and 20 feet east of the quarter corner common to Sections 3 and 4, Township 10 South, Range 30 E.W.M., for domestic use, will be confined at said point, the same being Engineer's station 42+96 of the survey of the Pendleton-John Day Highway, in a small reservoir, and conveyed thence by two inch pipe along the barrow pit or drainage ditch on the east side of the highway for a distance of approximately 704 feet to Engineer's station 50+00, where it leaves the highway right of way and will thence be carried in same sized pipe approximately 200 feet to the residence of applicant, all as shown on the permit granted by the Oregon State Highway Commission, dated March 6, 1934, as shown on the copy of said permit now on file with the State Engineer. The remainder of the water from said spring not confined in said pipe line will be carried along said drainage ditch to a point approximately at Engineer's station 50+00, where it leaves the highway right of way and is taken up in ditch of the applicant. The spring on the west side of the highway being described as located 1725 feet south and 20 feet west from the quarter corner common to Sections 3 and 4, Township 10 south, Range 30 E.W.M., will be carried along the barrow pit or drainage ditch on the west side of the highway to a point approximately at Engineer's station 50+00 and is there carried across to the east side of the highway right of way by culvert constructed by the Highway Commission and is there joined with the water from the spring on the east side of said highway and thence carried in the ditch of the application shown on map filed with the application. No diversion works will be required for the water used for irrigation.

CANAL SYSTEM OR PIPE LINE—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) 1 1/2 feet; width on bottom 1 feet; depth of water 1 feet; grade 10 feet fall per one thousand feet.

(b) At _____ miles from headgate: width on top (at water line) _____ feet; width on bottom _____ feet; depth of water _____ feet; grade _____ feet fall per one thousand feet.

(c) Length of pipe, 900 ft.; size at intake, 2 in.; size at _____ ft. from intake _____ in.; size at place of use 2 in.; difference in elevation between intake and place of use, _____ ft. Is grade uniform? _____ Estimated capacity, _____ sec. ft.

8. Location of area to be irrigated, or place of use

Township	Range	Section	Forty-acre Tract	Number Acres To Be Irrigated
10	30	3	NW 1/4 SW 1/4	11.67

(If more space required, attach separate sheet)

(a) Character of soil Volcanic

(b) Kind of crops raised Alfalfa

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed _____ theoretical horsepower.

(b) Quantity of water to be used for power _____ sec. ft.

(c) Total fall to be utilized _____ feet.
(Head)

(d) The nature of the works by means of which the power is to be developed _____

(e) Such works to be located in _____ of Sec. _____, Tp. _____, R. _____, W. M. _____
(No. N. or S.) (No. E. or W.) (Legal subdivision)

(f) Is water to be returned to any stream? _____
(Yes or No)

(g) If so, name stream and locate point of return _____, Sec. _____, Tp. _____, R. _____, W. M. _____
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is _____

(i) The nature of the mines to be served _____

MUNICIPAL OR DOMESTIC SUPPLY—

10. (a) To supply the city of _____
_____ County, having a present population of _____
(Name of)
and an estimated population of _____ in 193_____.

(b) If for domestic use state number of families to be supplied One family, with ranch hands, which will equal at least two families.
(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 25.00
- 12. Construction work will begin on or before Jan. 1, 1934
- 13. Construction work will be completed on or before April 1, 1934
- 14. The water will be completely applied to the proposed use on or before May 1, 1934

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.2 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from

Two springs

The use to which this water is to be applied is irrigation and domestic

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second for each acre irrigated prior to June 1, and thereafter 1/80th of one cubic foot per second for each acre irrigated, or its equivalent, shall not exceed one acre foot per acre during any month prior to June 1, nor exceed a total during the irrigation season from April 1, to September 30, of each year, of four acre feet per acre, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 16, 1933

Actual construction work shall begin on or before May 26, 1935 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1936

Complete application of the water to the proposed use shall be made on or before Oct. 1, 1937

WITNESS my hand this 26th day of May, 1934

CHAS. E. STRICKLIN

STATE ENGINEER
