PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.37 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from

Waste water

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/30th of one cubic foot per second or its equivalent, for each acre irrigated, and is also limited to the water available at the proposed point of diversion, and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is May 7, 1934

Actual construction work shall begin on or before June 23, 1935 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1936

Complete application of the water to the proposed use shall be made on or before Oct. 1, 1937

WITNESS my hand this 23rd day of June, 1934.
