PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same,  
subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use  
and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the  
stream, or its equivalent in case of rotation with other water users, from  
Waste water

The use to which this water is to be applied is irrigation (supplemental)

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per  
second or its equivalent, for each acre irrigated, shall not exceed three acre-feet per acre  
during the irrigation season and shall be subject to such reasonable rotation system as may be  
ordered by the proper state officer, and is also limited to the water available at the proposed  
point of diversion and does not carry with it the right to divert water from the stream from which  
the waste water is diverted nor the right to require the wasteful use of water by others.  
~~and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.~~

The priority date of this permit is July 25, 1934

Actual construction work shall begin on or before September 28, 1935 and shall  
thereafter be prosecuted with reasonable diligence and be completed on or before  
Oct. 1, 1936

Complete application of the water to the proposed use shall be made on or before  
Oct. 1, 1937
