Remarks: Use of water under this project was initiated during the period 1903-1906
The following clause is contained in a deed from J. J. Poole et ux to Thomas Dean dated
Aug. 13, 1906 to wit: "Also all our right title and interest in and to a certain water
right located on Parker Creek Douglas County Oregon and of record in the County Clerk's
office of Douglas County - - -". This clause was carried in subsequent deeds until title
passed to the present owner. A search of the County Clerk's records fails to show this
water right on record. The old timber dam originally built was replaced by a concrete dam
in 1920. This application is submitted in order that this right may be made a matter of
record and proper priority established.
