Remarks: .....

The water wanted is waste water from nearby tract who irrigates his land  
 from a well during summer months. There is a waste ditch already constructed  
 along his west line and I have a ditch constructed by which I divert the water  
 onto my tract of land. This water has been used on my property for a number of  
 years and I wish to protect the right.

STATE OF OREGON,

PERMIT

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,  
subject to the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use  
measured at the point of diversion,  
and shall not exceed 0.25 cubic feet per second, or its equivalent in case of rotation with other  
water users, from waste water

The use to which this water is to be applied is irrigation

This appropriation shall be limited to 1/30th of one cubic foot per second, or its  
equivalent, for each acre irrigated, and shall be subject to such reasonable rotation  
system as may be ordered by the proper state officer; and is also limited to the water  
available at the proposed point of diversion, and does not carry with it the right to  
divert water from the stream from which the waste water is diverted nor the right to  
require the wasteful use of water by others.

The priority date of this permit is October 22, 1934

Actual construction work shall begin on or before December 28, 1935 and shall  
thereafter be prosecuted with reasonable diligence and be completed on or before  
Oct. 1, 1936

Complete application of the water to the proposed use shall be made on or before  
Oct. 1, 1937

WITNESS my hand this 28th day of December, 1934
