- 14. The water will be completely applied to the proposed use on or before _____

ALL COMPLETED AND WATER APPLIED

Stark Brothers
(Signature of applicant)

By Leonard George Stark

Signed in the presence of us as witnesses:

(1) V. S. Bovelle, Salem
(Name) (Address of witness)

(2) _____, _____
(Name) (Address of witness)

Remarks: The dams used in this irrigation project are constructed of sand bags or dirt and built about 2' or 3' high to keep from pumping the sediment off the bottom of the creek and to back the water up into the ditches. The pumping system is portable so it can be moved up or down stream on the ground.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from

Fanno Creek

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 5, 1935

Actual construction work shall begin on or before October 31, 1936 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1937

Complete application of the water to the proposed use shall be made on or before Oct. 1, 1938

WITNESS my hand this 31st day of October, 1935

CHAS. E. STRICKLIN
