PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.5 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Simpson Creek

The use to which this water is to be applied is Irrigation of cranberry lands and development of 1.5 theoretical horsepower (not electrical)

If for irrigation, this appropriation shall be limited to - - of one cubic foot per second

This appropriation shall be limited to not exceed 6 acre-feet per acre per annum nor more than 0.75 acre-foot per acre throughout any thirty-day period,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is November 18, 1935

Actual construction work shall begin on or before January 10, 1937 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1938

Complete application of the water to the proposed use shall be made on or before

Oct. 1, 1939

WITNESS my hand this 10th day of January, 1936
