PERMIT

STATE OF OREGON, } ss. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use measured at the point of diversion, and shall not exceed 10 cubic feet per second, or its equivalent in case of rotation with other water users, from Waste water from Powder River

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated; and shall be further limited to the water available at the proposed point of diversion, and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is November 21, 1935

Actual construction work shall begin on or before January 10, 1937 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1938

Complete application of the water to the proposed use shall be made on or before Oct. 1, 1939

WITNESS my hand this 10th day of January, 1936

CHAS. E. STRICKLIN STATE ENGINEER
