

\*APPLICATION FOR A PERMIT

To appropriate the Public Waters of the State of Oregon

I, Harold B. Davis (Name of applicant) of Corvallis (Postoffice), County of Benton State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Unnamed spring (Name of stream), a tributary of None

2. The amount of water which the applicant intends to apply to beneficial use is .050 cubic feet per second. (If water is to be used from more than one source, give quantity from each)

\*\*3. The use to which the water is to be applied is maintaining ponds and the irrigation of domestic gardens not exceeding 1 1/2 acre in area (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 100 ft. S and 20 ft. W from the NW corner of SE 1/4 SW 1/4 of Section 13, T. 14 S., R. 8 W., W.M. (Section or subdivision) (If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary) being within the N 1/2 SW 1/4 SW 1/4 of Sec. 15, Tp. 14 S, R. 8 W., W. M., in the county of Benton (Give smallest legal subdivision) (N. or S.) (E. or W.)

5. The pipe line (approximately) to be 1100 ft. in length, terminating in the S 1/2 SW 1/4 SW 1/4 of Sec. 13, Tp. 14 S, R. 8 W., W. M., the proposed location being shown throughout on the accompanying map. (Main ditch, canal or pipe line) (Miles or feet) (Smallest legal subdivision) (N. or S.) (E. or W.)

DESCRIPTION OF WORKS

DIVERSION WORKS—

6. (a) Height of dam feet, length on top feet, length at bottom feet; material to be used and character of construction Have diverted spring into wooden tank 6 x 6 x 4 ft. then to pipe west approximately 500 ft. then south approximately 600 ft. through my orchard with outlets. (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate (Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description (Size and type of pump) (Size and type of engine or motor to be used, total head water is to be lifted, etc.)

\* A different form of application is provided where storage works are contemplated. \*\* Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 100.00 to \$150.00
- 12. Construction work will begin on or before Has been in use 4 years
- 13. Construction work will be completed on or before .....
- 14. The water will be completely applied to the proposed use on or before .....

Harold B. Davis  
(Signature of applicant)

Signed in the presence of us as witnesses:

- (1) Mrs. Nettie Bowen, 225 S. 4th St., Corvallis  
(Name) (Address of witness)
- (2) Harriet Schulze, 561 Jackson St., Corvallis  
(Name) (Address of witness)

Remarks: Have furnished a neighbor, Myrtle Walker with enough water for house-  
hold use only by verbal agreement with her for use of some land which a pond  
of mine overflows. This agreement has been satisfactory with us, and will  
furnish same as long as she keeps her part, but do not wish to supply her water  
for irrigating lawns, gardens, etc., as spring will not furnish us both for  
that purpose. Prefer to have the right in my own name and will be able to  
supply her what is necessary inasmuch as spring is on my own place. I only  
irrigate an occasional tree that appears weak in the acreage mentioned, and  
could hardly be classed as commercial irrigation.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for .....  
correction and signature

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before February 20, 1936.

WITNESS my hand this 20th day of January, 1936.

### PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.05 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from

Unnamed spring

The use to which this water is to be applied is maintaining ponds and the irrigation of a domestic garden not exceeding 1 1/2 acres in area.

If for irrigation, this appropriation shall be limited to - - - of one cubic foot per second

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 17, 1936

Actual construction work shall begin on or before March 27, 1937 and shall thereafter be prosecuted with reasonable diligence and be completed on or before Oct. 1, 1938

Complete application of the water to the proposed use shall be made on or before Oct. 1, 1939

WITNESS my hand this 27th day of March, 1936
