* A different form of application is provided where storage works are contemplated.

** Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Additional information concerning the springs being filed on

by

R. W. and Marie S. Tavanner

There are three small streams from springs and these springs converge upon the property known as the Dora Maxwell place. We are purchasing this property and wish to divert the water for irrigation.

Location of the springs: and point of diversion.

1. The source for watering the three acres or less in the very southwest corner of Section 13 will be a spring rising at a point 550 feet N. and 47 feet W. of the SW corner of Section 13. This will also be the point of diversion for about .025 cu. ft. per second.

2. The source for watering the other twenty acres is a stream fed by the three converging streams from the spring mentioned just above and a spring rising 890 ft. N. and 475 ft. E. of the SW corner of section 13, and from a spring rising 725 ft. N. and 125 ft. E. of the SW corner of Section 13. This last spring gives the largest amount of water and it rises on our own place.

(If more space required, attach separate sheet)

(a) Character of soil

(b) Kind of crops raised Hay, corn, and vegetables

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

MUNICIPAL OR DOMESTIC SUPPLY—

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same,
subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from
Springs

The use to which this water is to be applied is irrigation
If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a
diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the
irrigation season of each year,
and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.
The priority date of this permit is April 11, 1936
Actual construction work shall begin on or before April 30, 1937 and shall
hereafter be prosecuted with reasonable diligence and be completed on or before
Oct. 1, 1938
Extended to Oct. 1, 1939

Complete application of the water to the proposed use shall be made on or before
Oct. 1, 1939

WITNESS my hand this 30th day of April, 1936
