PERMIT

*This is to certify that I have examined the foregoing application and do hereby grant the same,
subject to existing rights and the following limitations and conditions:*

*The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.27 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from Ford Branch of Little
Walla Walla River and seepage and waste water*

The use to which this water is to be applied is irrigation

*If for irrigation, this appropriation shall be limited to 1/50th of one cubic foot per
second or its equivalent for each acre irrigated, and is also limited to the water
available at the proposed point of diversion, and does not carry with it the right
to divert water from the stream from which the waste water is diverted nor the
right to require the wasteful use of water by others,
and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.*

The priority date of this permit is April 11, 1936

*Actual construction work shall begin on or before May 29, 1937 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
Oct. 1, 1938*

*Complete application of the water to the proposed use shall be made on or before
Oct. 1, 1939*

WITNESS my hand this 29th day of May, 1936
