PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 11.2 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Three Creek, Snow Creek and water stored under Application No. 8851, Permit No. R-701, in Big and Little Three Creek Lakes, tributary of Squaw Creek.

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/50th of one cubic foot per second or its equivalent for each acre irrigated during the irrigation season; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 8, 1923, for Snow Creek and Sept. 12, 1936, for Reservoirs

Actual construction work shall begin on or before March 12, 1938 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1939

Complete application of the water to the proposed use shall be made on or before October 1, 1940

WITNESS my hand this 12th day of March, 1937
