(If more space required, attach separate sheet)

(a) Character of soil Wild meadow

(b) Kind of crops raised Hay

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal subdivision)

Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream?
(Yes or No)

(g) If so, name stream and locate point of return
....., Sec., Tp., R., W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

MUNICIPAL OR DOMESTIC SUPPLY—

10. (a) To supply the city of _____
_____ County, having a present population of _____
(Name of)
and an estimated population of _____ in 193_____.

(b) If for domestic use state number of families to be supplied _____

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of ~~proposed~~ works, \$ 12.00 _____
- 12. Construction work will begin on or before Work already completed _____
- 13. Construction work will be completed on or before _____
- 14. The water will be completely applied to the proposed use on or before _____
Now being used.

G. H. Perkins _____
(Signature of applicant)

Signed in the presence of us as witnesses:

- (1) Armand H. Fuchs _____, Baker, Oregon _____
(Name) (Address of witness)
- (2) Carolyn Relling _____, Baker, Oregon _____
(Name) (Address of witness)

Remarks: The water sought to be appropriated is seepage water which escapes
from applicant's own ditch and collects in borrow pit along road. By the use of
the small dam above described this water is again picked up and returned to the
ditch or can be diverted directly to applicant's land, which borders the ditch
referred to. The water is, of course, available only at such time as applicant
is irrigating by the use of his ditch, or for a period of approximately 20 to 25
days each year.

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying
maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with
corrections on or before _____, 193_____.

WITNESS my hand this _____ day of _____, 193_____.

STATE ENGINEER

Fees Paid \$9.50

STATE OF OREGON, } ss. County of Marion.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.25 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Seepage water from Perkins and Kirby Ditch, from Powder River.

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated, and is also limited to the water available at the proposed point of diversion, and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is June 10, 1936.

Actual construction work shall begin on or before March 12, 1938. and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1939.

Complete application of the water to the proposed use shall be made on or before October 1, 1940.

WITNESS my hand this 12th day of March, 1937.

CHAS. E. STRICKLIN.

STATE ENGINEER
