PERMIT

STATE OF OREGON, ss. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.25 cubic feet per second, or its equivalent in case of rotation with other water users, from An Unnamed Stream carrying natural flow and surplus irrigation drainage.

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season, and is also limited to the water available at the proposed point of diversion, and does not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The priority of this permit is September 9, 1937.

Actual construction work shall begin on or before October 22, 1938 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before

October 1, 1939

Complete application of the water to the proposed use shall be made on or before

October 1, 1940

WITNESS my hand this 22nd day of October, 1937.
