5. The Main Ditch to be 531 1/2 feet.
(Main ditch, canal or pipe line) (Miles or feet)
in length, terminating in the Lot 10, Block 10 Kellogg's Add. of Sec. 20, Tp. 9 S.,
(Smallest legal subdivision) (N. or S.)
R. 40 E., W. M., the proposed location being shown throughout on the accompanying map.
(E. or W.)

DESCRIPTION OF WORKS

DIVERSION WORKS—

6. (a) Height of dam None feet, length on top _____ feet, length at bottom _____ feet; material to be used and character of construction _____
(Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate None (being waste water)
(Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description _____
(Size and type of pump)

(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

* A different form of application is provided where storage works are contemplated.
** Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

CANAL SYSTEM OR PIPE LINE—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) One foot ~~2538~~; width on bottom 8 inches ~~1000~~; depth of water 4 inches ~~1000~~; grade 12 feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

8. Location of area to be irrigated, or place of use

Table with 5 columns: Township, Range, Section, Forty-acre Tract, Number Acres To Be Irrigated. It lists two areas: Louis Guyer Land (Lots 6 to 10 Inc. of Block 10) and G. L. Inman Land (Lots 1, 2, and 3 of Block 13), both in 9 S., 40 E., 20 Section.

(If more space required, attach separate sheet)

(a) Character of soil Good

(b) Kind of crops raised Truck gardens and small amount of grain.

POWER OR MINING PURPOSES—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet. (Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec. (Legal subdivision)

Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? No (Yes or No)

(g) If so, name stream and locate point of return

....., Sec., Tp., R., W. M. (No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

MUNICIPAL OR DOMESTIC SUPPLY—

10. (a) To supply the city of _____

(Name of) County, having a present population of _____
and an estimated population of _____ in 193_____.

(b) If for domestic use state number of families to be supplied _____

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 25.00 _____

12. Construction work will begin on or before _____ done _____

13. Construction work will be completed on or before _____ done _____

14. The water will be completely applied to the proposed use on or before _____
_____ already has been used.

Louis Guyer
(Signature of applicant)

G. L. Inman

Signed in the presence of us as witnesses:

STATE OF OREGON, County of Marion. ss.

PERMIT

This is to certify that I have examined the foregoing application and do hereby grant the same, subject to existing rights and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.025 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from (Powder River) Waste Water from lands irrigated by water from McCord Ditch

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated, and shall also be limited to the water available at the proposed point of diversion, and shall not carry with it the right to divert water from the stream from which the waste water is diverted nor the right to require the wasteful use of water by others; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein, and shall be subject to such reasonable rotation system as may be ordered by the proper State officer.

The priority date of this permit is October 2, 1937

Actual construction work shall begin on or before January 21, 1939 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1939

Complete application of the water to the proposed use shall be made on or before October 1, 1940

WITNESS my hand this 21st day of January, 1938

CHAS. E. STRICKLIN, STATE ENGINEER
