## EXTENDED REMARKS

The points of discharge of the sewers in said sewer system of the City of Gresham, discharging water during irrigation season, are as follows:

The point of discharge of the treatment plant is in channel of Johnson Creek 2200 feet North and 300 feet East of Southwest corner of Section 10, T 1 S, R. 3 E of W.M. in said city of Gresham, Multnomah County, Oregon.

The point of discharge of the sewer that carries the water from the cannery of Gresham Berry Growers is in a tributary channel of Johnson Creek 2150 feet South and 2550 feet East of Northwest corner of said Section 10, said point of discharge being in center of Elliott Avenue on the South side of N. E. Second Street in said city of Gresham.

The water discharged from said sewer of the city in Elliott Avenue is carried southerly down the gully, a natural water course, in said Elliott Avenue through the culvert under Powell Road about 250 feet to the unnamed creek channel in the gulch or canyon South of and adjacent to Powell Road; thence Westerly and Southwesterly in said unnamed creek channel about 1400 feet to channel of Johnson Creek.

Applicants herein have been granted by the City of Gresham the right to use the water discharged from its sewer system for the beneficial use of irrigating lands in and adjacent to the said city, and applicants desire the right to use said channel and tributary channels of Johnson Creek to transport said water from the points of discharge of said sewer system to place of use as described in this application.

The present sewer system of the city was completed and accepted by the city in September, 1937.
