CERTIFICATE NO. 16632

## \*APPLICATION FOR A PERMIT

## To Appropriate the Public Waters of the State of Oregon

I, United States of America, (Farm Security Administration) (Name of applicant)
of 225 Terminal Sales Bldg., Portland, , County of Multnomah (Post office)
State ofOregon, do hereby make application for a permit to appropriate to
following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:
If the applicant is a corporation, give date and place of incorporation
0-0-0
1. The source of the proposed appropriation is Yamhill River (Name of stream)
, a tributary ofWillamette River
2. The amount of water which the applicant intends to apply to beneficial use is
cubic feet per second. Sufficient water to irrigate 60 acres  (If water is to be used from more than one source, give quantity from each)
**3. The use to which the water is to be applied is
(Irrigation, power, mining, manufacturing, domestic supplies, et
4. The point of diversion is located 3150 ft. South and 660 ft. East from the Section of Sections 3, 2, 10 and 11, (Section or subdivision)
(If preferable, give distance and bearing to section corner)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)  being within the NW of the SW of the SW of Sec. 11., Tp. 4.5.  (Give smallest legal subdivision) (N. or S.)
R. 3 W. W. M., in the county ofYamhill
5. The Main Pipe Line to be 2000 feet  (Main ditch, canal or pipe line) (Miles or feet)
in length, terminating in the $SE_4^{\frac{1}{4}}$ of the $NW_4^{\frac{1}{4}}$ of Sec. 11 , $Tp$ . 4 S. (Smallest legal subdivision)
R. $W$ . $W$
DESCRIPTION OF WORKS
Diversion Works—
No Dam. 6. (a) Height of dam feet, length on top feet, length at botte
feet; material to be used and character of construction
rock and brush, timber crib, etc., wasteway over or around dam)
(h) Description of headagte
(b) Description of headgate(Timber, concrete, etc., number and size of openings)
(c) If water is to be pumped give general description Centrifugal type water pump,  (Size and type of pump)
either gasoline, diesel or electric driven, capable of delivering requested  (Size and type of engine or motor to be used, total head water is to be lifted, etc.)
amount of water for irrigation in an efficient manner.

<sup>\*</sup> A different form of application is provided where storage works are contemplated.

<sup>\*\*</sup> Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.
