Signed in the presence of us as witnesses:

(1) G. H. Bishop, Freewater, Oregon  
(Name) (Address of witness)

(2) Ann Bishop, Freewater, Oregon  
(Name) (Address of witness)

Remarks: In the Decree of the Circuit Court in the case entitled Little Walla Walla River Cooperative Irrigation Union, a private corporation, et al, Plaintiff, and the Peacock Mill Company, a private corporation, Intervenor VS. Finis Irrigation Company, a corporation, et al. Defendants. A water right was Decreed to Orpha Johnson covering all of Block 50 and 57 of the Original Town of Freewater, Priority date 1880. Inadvertantly the lands described in this application for permit was left out of the claim made by J. E. Haynie in the matter of the Adjudication of the waters of the Walla Walla River, thus leaving the land without a decreed right under the adjudication. This permit is asked for in order to comply with the law as to the diversion of water without a permit. By taking out this permit the Applicant does not waive any rights they may have acquired by reason of the former Decree or by continuous use of the water.

The water has been used continuously and without interruption since 1880.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for.....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before....., 193.....

WITNESS my hand this.....day of....., 193.....

STATE OF OREGON

PERMIT

County of Marion,

ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.025 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Little Walla Walla River

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 0.025 of one cubic foot per second or its equivalent,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 25, 1940

Actual construction work shall begin on or before March 26, 1941 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1942

Complete application of the water to the proposed use shall be made on or before October 1, 1943

WITNESS my hand this 26th day of March, 1940
