- (2)
(Name) (Address of witness)

Remarks: Land has been irrigated for some time, the pumping plant and pipe line, distribution system has been constructed and in use. The dam about 4 feet in height is used to impound the water so as to secure a large head. It is planned to raise this dam 6 feet. It will then cover an area about 150 ft. in length with a width of 75 feet. The bottom will be about 150 ft. in length and 20 ft. in width - average depth will be about 5 feet. Conduit will be 8" corrugated pipe with concrete collars. The new dam will have sufficient capacity to hold the night flow, permitting irrigation in day light. Spillway will be a canal around end of dam or a stand pipe leading to conduit.

STATE OF OREGON

PERMIT

County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.45 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Unnamed Stream

The use to which this water is to be applied is Irrigation and Supplemental Irrigation, being 0.04 c.f.s. for irrigation and 0.41 c.f.s. for supplemental irrigation.

If for irrigation, this appropriation shall be limited to 1/30th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season; provided further that the amount of water allowed herein, together with the amount secured under any other right existing for the same lands shall not exceed the limitation allowed herein, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 2, 1941

Actual construction work shall begin on or before October 30, 1942 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1943 Extended to Oct. 1, 1944

Complete application of the water to the proposed use shall be made on or before October 1, 1944

WITNESS my hand this 30th day of October, 1941

CHAS. E. STRICKLIN STATE ENGINEER
