Remarks: This spring has been used by us with this same system for the past 6 yrs. and 9 mos. This system was used formerly by former owners and the people across whose property the pipes ran agreed orally that we had their permission to do the same. Georgia Van Horn (owner) agreed that it was all satisfactory with her and the County Court owns the property where the spring is located and the accompanying affidavit shows their consent. This is not a new project. The system has been in use 6 yrs. - 9 mo. by us. It is for our future protection.
