

\* APPLICATION FOR A PERMIT

To Appropriate the Public Waters of the State of Oregon

I, Joe Pavlinac (Name of applicant) of Oregon City (Post office), County of Clackamas, State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is head of Newell Creek (Name of stream), a tributary of Abernathy Creek

2. The amount of water which the applicant intends to apply to beneficial use is .06 cubic feet per second. or 30 gal. min. (If water is to be used from more than one source, give quantity from each)

\*\*3. The use to which the water is to be applied is Irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 150 ft. S and 1320 ft. E from the NW corner of Sec. 9, T. 3 S., R. 2 E., of W. M. (Section or subdivision) (If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)

being within the W 1/2 of NE 1/4 of NW 1/4 of Sec. 9, Tp. 3 S., R. 2 E., W. M., in the county of Clackamas

5. The pipe line to be 900 feet in length, terminating in the W 1/2 of NE 1/4 of NW 1/4 of Sec. 9, Tp. 3 S., R. 2 E., W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam 6 feet, length on top 60 feet, length at bottom 40 feet; material to be used and character of construction dirt and loose rock (Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate concrete have 8" concrete pipe at bottom of dam, Concrete spill way at top

(c) If water is to be pumped give general description Centrifigual pump (Size and type of pump) 3000 gal. capacity - 3 horse electric motor 65 ft. lift. (Size and type of engine or motor to be used, total head water is to be lifted, etc.)

\* A different form of application is provided where storage works are contemplated.

\*\* Applications for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydro-electric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Municipal or Domestic Supply—

10. (a) To supply the city of .....

..... County, having a present population of .....

(Name of)

and an estimated population of ..... in 19.....

(b) If for domestic use state number of families to be supplied .....

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$1500.00 .....

12. Construction work will begin on or before Sept. 1944 .....

13. Construction work will be completed on or before Nov., 1944 .....

14. The water will be completely applied to the proposed use on or before May 1, 1945 .....

Joe Pavlinac

(Signature of applicant)

Signed in the presence of us as witnesses:

(1) ..... (Name) ..... (Address of witness)

(2) ..... (Name) ..... (Address of witness)

Remarks: This stream heads on my place and A. Splanter place. Rt. 3, Oregon City.

My intention is to construct a dirt dam and pump the water thru sprinklers .....

The point on the stream from which I intend to pump is situated on my own property. ....

This stream would not warrant 0.20 c.f.s., but as estimated by an Engineer as 40 gal. per minute, this is why I did not ask for more, however because I have a large storage space I could irrigated the 16 acres of land. ....

STATE OF OREGON, }  
County of Marion, } ss

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion .....

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before September 9, 1944 .....

WITNESS my hand this 9th day of August, 1944.

STATE OF OREGON

PERMIT

County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.06 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Newell Creek

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year, and shall be still further limited to a diversion of not to exceed 0.06 cubic foot per second. and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 4, 1944

Actual construction work shall begin on or before September 15, 1945 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1946

Complete application of the water to the proposed use shall be made on or before

October 1, 1947

WITNESS my hand this 15th day of September, 1944.
