Remarks: This application is to appropriate the waste and seepage water arising on that part of W $\frac{1}{2}$ SW $\frac{1}{4}$ of Sec. 9, Tp. 8 S. R. 46 E. W. M. situated North and East of Pine Creek, described as follows: Commencing at the SW corner of said Section 9, thence North 1364 feet, thence East 1320 feet, thence South 1364 feet, thence West 1320 feet to place of beginning. Said water rains into or arises in a slough traversing said tract in a Northerly and Southerly direction, emptying into the E. K. Greener ditch diverting water from Pine Creek about 250 feet North of the South line of said section 9. The waste water from said tract flows into said slough along its course and is augmented by seepage and springs therein, Said ditch is wholly owned by applicants, having been completed for many years and used in conveying appropriation from Pine Creek as well as said waste and seepage water for use on NE $\frac{1}{4}$ of section 16 by E. K. Greener, and also conveying said waste and seepage water to the lands of Ed R. Greener for use on E $\frac{1}{2}$ SE $\frac{1}{4}$ of section 16 and W $\frac{1}{4}$ SW $\frac{1}{4}$ of section 15, by conveying the same through said ditch and a branch therefrom a short distance and emptying into Pine Creek, and thence down said Pine Creek to a point about 300 feet West of the SE corner of the SW $\frac{1}{4}$ NE $\frac{1}{4}$ of section 16 and thence through a ditch wholly owned by Ed R. Greener to and upon his said lands. Said water right herein applied for being additional to the rights of applicants from Pine Creek. Said E. K. Greener ditch is owned by E. K. Greener except from the mouth of said slough to the branch therefrom, which is owned by applicants. Said branch

STATE OF OREGON

PERMIT

County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.00 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Waste and seepage water

The use to which this water is to be applied is irrigation and stock

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per second or its equivalent for each acre irrigated during the irrigation season from April 1, to October 1, and shall be further limited to a diversion of not to exceed 1 acre foot per acre for each acre irrigated during the month of July, 1 acre foot per acre for each acre irrigated during the month of August, and 1/2 of one acre foot per acre for each acre irrigated during the month of September, and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is November 8, 1944

Actual construction work shall begin on or before December 11, 1945 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1946

Complete application of the water to the proposed use shall be made on or before

October 1, 1947

WITNESS my hand this 11th day of December, 1944
