This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 1.00 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from a slough

The use to which this water is to be applied is irrigation and supplemental irrigation

If for irrigation, this appropriation shall be limited to 1/40th of one cubic foot per
second or its equivalent for each acre irrigated during the irrigation season from
April 1, to October 1, and shall be further limited to a diversion of not to exceed
1 acre foot per acre for each acre irrigated during the month of July, 1 acre
foot per acre for each acre irrigated during the month of August, and 1/2 of one acre
foot per acre for each acre irrigated during the month of September; provided
further that the amount of water allowed herein together with the amount secured under
any other right existing for the same lands shall not exceed the limitation allowed herein;
and shall be still further limited to a total diversion of not to exceed 1.00 c.f.s.,
and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is October 26, 1944

Actual construction work shall begin on or before December 11, 1945 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1946

Complete application of the water to the proposed use shall be made on or before

October 1, 1947

WITNESS my hand this 11th day of December, 1944.
