Remarks: This system was built and the water put to use about 1932 by Mr. R. N. Baker, a former owner of this property. At the present time we are in the process of remodeling and improving the system, and find that apparently there has been no prior application, and are therefore making this application now to confirm this use. The legal description of our entire farm is as follows: That portion of the S 1/2 of the NE 1/4 of Sec. 4, Twp. 1 North Range 4 W. of the Willamette Meridian, described as follows: Beginning at the SE corner of said subdivison, thence W. along the S line thereof S 88° 58' W 1532.7' to an iron, thence N. 32° 41' E 397.6' to a point in the center of County Road No. 63, thence along the center of said road N. 41° 28' W 884.2' to an angle in said road, thence N. 31° 1' W. 457.8' to point in said road, thence E 2157.6' to NE corner of said subdivison, thence along the E. line thereof S 0° 46' W. 1362.9' to the place of beginning, containing 53.45 acres, more or less

STATE OF OREGON

PERMIT

County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.03 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from Unnamed Springs

The use to which this water is to be applied is domestic and irrigation, being 0.01 c.f.s.
for domestic use and 0.02 c.f.s. for irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a
diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during
the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is December 1, 1944

Actual construction work shall begin on or before February 1, 1946 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1947

Complete application of the water to the proposed use shall be made on or before

October 1, 1948

WITNESS my hand this 1st day of February, 1945
