(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 300.00

12. Construction work will begin on or before In Place

13. Construction work will be completed on or before In Place

14. The water will be completely applied to the proposed use on or before

Was in use in 1945

(Sgd) A.A. Anderson

(Signature of applicant)

Remarks:

Stock has always been watered from creek, but I pump it to them
now so that they do not have to go to creek. I also wish to use the
above water in the summer time for irrigation purposes, irrigating approximately
five acres of ground all situated within the City Limits of Amity, being Block
#5 of the Smith & Phillips Addition and Block #7 and #8 of the Original Town of
Amity/

STATE OF OREGON, }
County of Marion, } ss

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for completion

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before March 19, 1946.

WITNESS my hand this 19th day of February, 1946.

PERMIT

STATE OF OREGON, }
County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.05 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from Ash Swale

The use to which this water is to be applied is irrigation & domestic supplies

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a
diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the
irrigation season of each year, and shall be still further limited to a total diversion
of not to exceed 0.05 cubic foot per second,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is February 8, 1946

Actual construction work shall begin on or before June 1, 1947 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1948

Complete application of the water to the proposed use shall be made on or before

October 1, 1949

WITNESS my hand this 1st day of June, 1946.
