to beneficial use since 1895.....

(Sgd) O. W. Cutsforth
(Signature of applicant)

Remarks: This land described herein has been under irrigation continuously since 1895 through approximately the same canal and using the same points of diversion. All canals are approximately 400 yards in length and the size of each dam and headgate is approximately the same. This stream which is known as Sand Hallow does not flow any water after July 15th of each year, and sometimes the water falls short at a much earlier date.

PERMIT

STATE OF OREGON, } ss County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.59 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Sand Hollow Creek

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/60th of one cubic foot per second and shall not exceed a diversion of 4 acre feet per acre for each acre irrigated during the irrigation season from January 1st to September 1st of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 26, 1946

Actual construction work shall begin on or before August 15, 1947 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1948

Complete application of the water to the proposed use shall be made on or before

October 1, 1949

WITNESS my hand this 15th day of August, 1946

CHAS. E. STRICKLIN STATE ENGINEER
