Remarks: The water from this spring has been used for domestic purposes many  
many years, probably before 1909-- When we bought this place in March 1946, it was with  
understanding that there was a water right for the spring -- However through some  
ones neglect we found that that was an error -- Now in order to protect us, we wish  
to obtain one, since this is our only possible source of water.
