PERMIT

STATE OF OREGON, } ss County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.10 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from an unnamed stream

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year and shall be subject to such reasonable rotation system as may be ordered by the proper state officer. When in the distribution of water it becomes necessary to install headgates and measuring devices, the applicant or his successor in interest will be required to install these so as not to restrict the natural channel of the stream or interfere with the flow of the water therein. The location and plans of these structures shall be approved by the State Engineer prior to construction.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer

The priority date of this permit is November 2, 1945

Actual construction work shall begin on or before April 30, 1949 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1950

Complete application of the water to the proposed use shall be made on or before

October 1, 1951

WITNESS my hand this 30th day of April, 1948
