Remarks: .....

This is just a good strong spring, originating on our property  
but finally seeping through to end on the property of a neighbor.  
There would probably never be any question as to the ownership or the  
right to use this water but, in order to play it safe, before going  
to the expense of and irrigating system thought it best to make it legal.

PERMIT

STATE OF OREGON, }
County of Marion, } ss

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.074 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from an unnamed spring

The use to which this water is to be applied is domestic and irrigation, being 0.004 c.f.s.
for domestic use and 0.07 c.f.s. for irrigation.

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a
diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the
irrigation season of each year, and shall be still further limited to a diversion
of not to exceed 0.07 c.f.s.,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 16, 1948

Actual construction work shall begin on or before April 30, 1949 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1950

Complete application of the water to the proposed use shall be made on or before
October 1, 1951

WITNESS my hand this 30th day of April, 1948.
