

*** APPLICATION FOR PERMIT**

To appropriate the Public Waters of the State of Oregon

I, Florence J. Stager (Name of applicant)
of Box 215, Mosier (Mailing address),
State of Oregon, do hereby make application for a permit to appropriate the

following described public waters of the State of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation _____
not a corporation _____

1. The source of the proposed appropriation is Mosier Creek (Name of stream)
a tributary of Columbia River.

2. The amount of water which the applicant intends to apply to beneficial use is 0.007
cubic feet per second. (If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is irrigation
(Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 1112 ft. N. and 2464 ft. W. from the SE
corner of Section 1, Township 2 North, Range 11 East of the Willamette Meridian.
Being N 65° 42' W., 2703 feet, from said section corner.
(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)

being within the SW 1/4 SE 1/4 of Sec. 1, Tp. 2 N.,
R. 11 E., W. M., in the county of Wasco
(Give smallest legal subdivision) (N. or S.) (E. or W.)

5. The pipe to be 400
in length, terminating in the SW 1/4 SE 1/4 of Sec. 1, Tp. 2 N.,
R. 11 E., W. M., the proposed location being shown throughout on the accompanying map.
(Main ditch, canal or pipe line) (Miles or feet) (Smallest legal subdivision) (N. or S.) (E. or W.)

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam no dam feet, length on top _____ feet, length at bottom _____ feet; material to be used and character of construction _____
(Loose rock, concrete, masonry, rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate _____
(Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description multivane centrifugal pump
1 H. P. electric motor
total head of water to be lifted, 32 feet.
(Size and type of pump) (Size and type of engine or motor to be used, total head water is to be lifted, etc.)

*A different form of application is provided where storage works are contemplated.

**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Municipal or Domestic Supply—

10. (a) To supply the city of
..... County, having a present population of
(Name of)
and an estimated population of in 19.....

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

- 11. Estimated cost of proposed works, \$ 500.
- 12. Construction work will begin on or before June 1, 1948.
- 13. Construction work will be completed on or before July 1, 1948.
- 14. The water will be completely applied to the proposed use on or before July 1, 1948.

(SGD) Florence J. Stager
(Signature of applicant)

Box 215, Mosier, Oregon

Remarks: The following described tract of land was conveyed by Warranty deed, by Roy T. Nicklin and Gladys E. Nicklin to Florence J. Stager, and recorded in book 99, page 199 of Wasco County Deed Records.

"Beginning at a point on the south boundary of the J. A. Mosier Donation Land Claim, 247 feet, N. 89° 56' W. of the south east corner of said D.L.C. and running thence N. 54° 36' W., 269 feet; thence N. 88° 46' W., 89 feet; thence N. 89° 41' W., 92 feet; thence South 15 feet; thence S. 70° 05' E., 90 feet; thence S. 56° 20' E., 250 feet; thence S. 89° 56' E., tracing south boundary of D.L.C., 110 feet to place of beginning, containing 0.43 acre."

By computing the above described traverse, it shows an excess South latitude of 26.2 feet and an excess East departure of 2.4 feet. Also the area, as near as can be computed is 0.53 instead of 0.43 acre.

The initial point, is an iron pipe, 40 inches in length and 1 1/4 inches in diameter, driven in the ground at a point N. 66° 40' W., from the Southeast corner of Section 1, T. 2 N., R. 11 E.W.M., at a distance of 2489 feet. Also being N. 89° 56' W., 242 feet from the SE corner of the J. A. Mosier D.L.C.

Mosier Creek has a minimum flow, during summer low water stage, of approximately 1.5 sec. ft. at this point of diversion.

PERMIT

STATE OF OREGON, } ss County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.007 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Mosier Creek

The use to which this water is to be applied is Irrigation

If for irrigation, this appropriation shall be limited to 1/60th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 3 acre feet per acre for each acre irrigated during the irrigation season from March 1, to October 1,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 18, 1948

Actual construction work shall begin on or before April 30, 1949 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1950

Complete application of the water to the proposed use shall be made on or before October 1, 1951

WITNESS my hand this 30th day of April, 1948

CHAS. E. STRICKLIN STATE ENGINEER
