

\* APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, FLOYD J. PECK and IDA M. PECK (Name of applicant)

of Rt. 3, Box 654 Oregon City (Mailing address)

State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is two very small unnamed streams which run together and are a tributary of Abernethy Creek

2. The amount of water which the applicant intends to apply to beneficial use is enough to water lawn and garden of two acres; it will take full flow of streams in dry weather. 50% of the average flow when not in flood

\*\*3. The use to which the water is to be applied is irrigation

4. The point of diversion is located 40 ft. south and 50 ft. west from the northeast corner of that part of the tract conveyed to applicants by deed recorded in

Book 214 on page 222, Deed records of Clackamas County, Oregon, lying south of County Road, being a part of Washington Williams D.L.C. in The NE 1/4 of Section 10, T.3.s., R.2.E. A second tap is to be 300 feet north and 10 feet west of the southeast corner of the land conveyed by the above described Deed.

The main point of diversion is 857 feet East and 150 feet South of the quarter corner on the north line of Section 10, Twp. 3 S. R. 2 E. of the W.M., and the second point of diversion is 917 feet East and 1037.7 feet South of said quarter corner.

being within the northeast quarter of Sec. 10, Tp. 3 south

R. 2 east, W. M., in the county of Clackamas

5. The to be in length, terminating in the of Sec. Tp.

R., W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works— Dam to be of earth 6' high in the middle, about 100' long at the top and 6' thick at the bottom at the middle point. The ends taper out.

Water is to be piped from second point of diversion into pond formed by above mentioned dam. Dam at second point of diversion will be very small.

rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate

(c) If water is to be pumped give general description An electric pump will be used to pump water from pond to fields, garden and lawn. We do not know what size or make we will get.

\* A different form of application is provided where storage works are contemplated.

\*\* Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

(b) At ..... miles from headgate: width on top (at water line) ..... feet; width on bottom ..... feet; depth of water ..... feet; grade ..... feet fall per one thousand feet.

(c) Length of pipe, ..... ft.; size at intake, ..... in.; size at ..... ft. from intake ..... in.; size at place of use ..... in.; difference in elevation between intake and place of use, ..... ft. Is grade uniform? ..... Estimated capacity, ..... sec. ft.

8. Location of area to be irrigated, or place of use .....

Township	Range	Section	Forty-acre Tract	Number Acres To Be Irrigated
3 S	2 E	10	NW $\frac{1}{4}$ NE $\frac{1}{4}$	2
See copy of Deed and map submitted herewith. Acre to be irrigated is general in the northeast part of the tract.				

(If more space required, attach separate sheet)

(a) Character of soil .....

(b) Kind of crops raised .....

Power or Mining Purposes—

9. (a) Total amount of power to be developed ..... theoretical horsepower.

(b) Quantity of water to be used for power ..... sec. ft.

(c) Total fall to be utilized ..... feet.  
(Head)

(d) The nature of the works by means of which the power is to be developed .....

(e) Such works to be located in ..... of Sec. ....  
(Legal Subdivision)

Tp. ...., R. ...., W. M.  
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? .....  
(Yes or No)

(g) If so, name stream and locate point of return .....

....., Sec. ...., Tp. ...., R. ...., W. M.  
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is .....

(i) The nature of the mines to be served .....

Municipal or Domestic Supply— Domestic

10. (a) To supply the city of .....

..... County, having a present population of .....

(Name of)

and an estimated population of ..... in 19.....

(b) If for domestic use state number of families to be supplied ..... one to two

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$...500.00.....

12. Construction work will begin on or before ..... August 15, 1949.....

13. Construction work will be completed on or before ..... July 15, 1950.....

14. The water will be completely applied to the proposed use on or before ..... July 15, 1950.....

(Sgd) Floyd J. Peck  
(Signature of applicant)

(Sgd) Ida M. Peck

Remarks: .....

..... Property on which water is to be used is a part of that more explicitly described by applicant as follows:

..... Being the following described portion of the Washington-Williams Donation Land Claim in the County of Clackamas and State of Oregon, to-wit:

..... Beginning 30 chains east of the northwest corner of that tract of land deeded to Eli Criswell by C. W. Porter and wife on October 13, 1896, which deed is recorded on page 389 of Book 63 of the Deed Records of Clackamas County, Oregon; thence south 20 chains; thence east 5 chains; thence North 20 chains; thence west 5 chains to the place of beginning, containing ten (10) acres, except that portion thereof conveyed by Louis Lindahl to Peter Anderson by deed recorded in Book 154 of Deeds of said Records page 298, and except the rights of the public in and to so much thereof as is included in any road or highway.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for ..... completion |

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before ..... May 23 ..... 1949...

WITNESS my hand this ..... 22 ..... day of ..... April ..... 19 49.

CHAS. E. STRICKLIN  
STATE ENGINEER

**PERMIT**

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,  
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use  
and shall not exceed 0.025 cubic feet per second measured at the point of diversion from the  
stream, or its equivalent in case of rotation with other water users, from two unnamed streams, being  
0.013 cfs from west stream and 0.012 cfs from east stream and reservoir to be constructed  
under Application No. R-23800, Permit No. R-978  
The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per  
second or its equivalent for each acre irrigated from direct flow and shall be further  
limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated  
during the irrigation season of each year from direct flow and storage from a reservoir  
to be constructed under Permit No. R-978,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 11, 1949

Actual construction work shall begin on or before September 15, 1950 and shall  
thereafter be prosecuted with reasonable diligence and be completed on or before  
October 1, 1951

Complete application of the water to the proposed use shall be made on or before

October 1, 1952

WITNESS my hand this 15th day of September, 1949.

CHAS. E. STRICKLIN

STATE ENGINEER
