MH-DEC

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) 25' feet; width on bottom 20' feet; depth of water 5' feet; grade feet fall per one thousand feet.

(b) At 1/4 miles from headgate: width on top (at water line) 4' feet; width on bottom 2 feet; depth of water 1' feet; grade 25 feet fall per one thousand feet.

(c) Length of pipe, 1000 ft.; size at intake, 4" in; size at 300 ft. from intake 2 in.; size at place of use 2 in.; difference in elevation between intake and place of use, 60 ft. Is grade uniform? YES Estimated capacity, sec. ft.

8. Location of area to be irrigated, or place of use

Township	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
TP 4S	R3W	27	NW-1/4 of NW-4	4.00
1S	R3W	28	NE-1/4 of NE-4	19.77
				<u>23.77</u>

M. J. Jones and Lorraine B. Jones
Route One, Box 243, Dayton, Oreg.

(X) Legal Description: 10.84 acres

Beginning at the corner of Sections 21, 22, 27, 28 in Township 4 South of Range 3 West of the Willamette Meridian in Yamhill County, Oregon; thence north 89° 10' west along the fence and section line 2.656 chains to the northeast corner of Lot # 1 of County Survey # 2446; thence south 33° west along wire fence now there 11.39 chains to iron pin in center of county road; thence south 65° 12' west along the center of county road 1.64 chains to iron pin in center of county road; thence south 24° 15' east along fence 3.43 chains to stake; thence North 50° 54' east 7.46 chains to stake at northeast corner of Lot # 2 of County Survey No. 2446; thence North 11° 53' west 1.655 chains to corner set on fill, County Survey 2237; thence south 73° 31' west 57/100 chains to old file set for corner; thence north 33° 10' east with line of County Survey 2237, 4.79 chains to stake set at south corner of Lot 1, County Survey 2237; thence North 5.87 chains to stake set on section line; thence south 89° 34' west 3.315 chains to beginning containing 10.84 acres, more or less
(If more space required, attach separate sheet) (continued under Remarks)

(a) Character of soil Top Willamette

(b) Kind of crops raised Seed and Pasture

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for power sec. ft.

(c) Total fall to be utilized feet.
(Head)

(d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
(Legal Subdivision)

Tp. , R. , W. M.
(No. N. or S.) (No. E. or W.)

(f) Is water to be returned to any stream? (Yes or No)

(g) If so, name stream and locate point of return

, Sec. , Tp. , R. , W. M.
(No. N. or S.) (No. E. or W.)

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

Municipal or Domestic Supply—

10. (a) To supply the city of

(Name of) County, having a present population of

and an estimated population of in 19

(b) If for domestic use state number of families to be supplied

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 500 ⁰⁰.....

12. Construction work will begin on or before March 1951

13. Construction work will be completed on or before April 1951

14. The water will be completely applied to the proposed use on or before May 1951

Remarks: (If not continued)

W. J. Jones and Lorraine B. Jones
Route One, Box 213, Dayton, Oregon

Y

Beginning at a point on the Section line at point north 89* 19' west 2.656 chains from the corner to Sections 21, 22, 27 and 28 in Township 4 South of Range 3 West of the Willamette Meridian, Oregon; thence north 89* 19' west along old fence now there 9.20 chains to old yew stake at the southwest corner of County Survey No. 2368; thence south 00* 19' west along old fence now there 15.90 chains to iron pin in the center of the County road; thence North 65* 12' east along the center of the County Road 10.09 chains to iron pin; thence North 00* 33' east along wire fence now there 11.39 chains to beginning, containing 12.93 acres, more or less.

Beginning at a stake set at the corner of Sections 21, 22, 27, and 28 in Township 4 South of Range 3 West of the Willamette Meridian, in Yamhill County, Oregon; thence north 89* 19' west along old fence now there 11.856 chains to old yew stake in line of north and south fence; thence north 2* 53' east along present fence; now there 16.727 chains to stone at the northeast corner of the Joel Chrisman D. L. C. ; thence south 89* 33' east 14.51 chains to stake; thence south 16.697 chains to stake on section line between Sections 22 and 27; thence south 89* 34' west along section line 3.52 chains to the place of beginning, containing 25 acres, more or less.

This is a short stream originating in section 22. The source is a series of underground springs. No one is affected either above or below my place as it runs through a deep canyon and empties into the Willamette. No one else is using the water for any purpose. I have included my complete acreage on the maps; also the legal description because at some future date I wish to apply for water rights on the other stream but unable to develop it at this time.

STATE OF OREGON, {
County of Marion, { ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for correction

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before December 18, 19 50..

WITNESS my hand this 16th day of November, 19 50.

PERMIT

STATE OF OREGON, } ss. County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.298 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from unnamed stream

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80th of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is December 19, 1950

Actual construction work shall begin on or before June 15, 1952 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1953

Complete application of the water to the proposed use shall be made on or before October 1, 1954

WITNESS my hand this 15th day of June, 1951

CHAS. E. STRICKLIN STATE ENGINEER
