CERTIFICATE NO -5

***APPLICATION FOR PERMIT**

To Appropriate the Public Waters of the State of Oregon

| 1, Trands E MEGINNIS |
|---|
| of H9NESS |
| State of |
| following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS: |
| If the applicant is a corporation, give date and place of incorporation |
| 1. The source of the proposed appropriation is I all creek |
| , a tributary of Illinais Hum. |
| 2. The amount of water which the applicant intends to apply to beneficial use is |
| cubic feet per second. O. Oh atout 5 Bewell's Laily |
| (If water is to be used from more than open source, give quantity from such) **3. The use to which the water is to be applied is |
| (Irrigation, power, mining, manufacturing, domestic supplies, etc.) |
| 4. The point of diversion is located/480 ft S and 6601. W. wom the N-E |
| corner of Jee, 18 Taurelip 35-5 Ruge 11 N. 1K |
| (Section or subdivision) |
| Jolean 18 |
| |
| (If preferable, give distance and bearing to section corner) |
| (If there is more than one point of diversion, each must be described. Use separate sheet if necessary) |
| being within the A (Give smallest legal subdivision) of Sec. (N or 5) |
| R. W. M., W. M., in the county of Cury |
| 5. The (Main ditch, canal or pipe line) to be (Miles or feet) |
| in length 'erminating in the N-E-14 of Sec. 18, Tp. 35-5, |
| R. W. M., the proposed location being shown throughout on the accompanying map. |
| DESCRIPTION OF WORKS |
| Diversion Works— / LS |
| 6. (a) Height of dam feet, length on top feet, length at bottom |
| feet: material to be used and character of construction Hained factor |
| (Loose rock froncrete, masonry, |
| rock and brush, timber crib, etc., waiteway over or around dam) |
| (b) Description of headgate . (Timber, concrete, etc., number and size of openings) |
| en de la companya de |
| (c) If water is to be pumped give general description (Size and type of pump) |
| (Size and type of engine or motor to be used, total head water as to be lifted, etc. |
| |

**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

^{*}A different form of application is provided where storage works are contemplated.
