10. Approximate dimensions of diversion, main line, pumping equipment, etc.

11. Approximate dimensions of diversion, main line, pumping equipment, etc.

12. Approximate dimensions of diversion, main line, pumping equipment, etc.

13. Approximate dimensions of diversion, main line, pumping equipment, etc.

14. Approximate dimensions of diversion, main line, pumping equipment, etc.

15. Approximate dimensions of diversion, main line, pumping equipment, etc.

PERMIT

STATE OF OREGON, {
County of Marion, {ss.

This is to certify that I have examined the foregoing application and do hereby grant the same,
SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use
and shall not exceed 0.363 cubic feet per second measured at the point of diversion from the
stream, or its equivalent in case of rotation with other water users, from East Dairy Creek.

The use to which this water is to be applied is irrigation.

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per
second or its equivalent for each acre irrigated and shall be further limited to a
diversion of not to exceed $2\frac{1}{2}$ acre feet per acre for each acre irrigated during the
irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is July 2, 1951.

Actual construction work shall begin on or before August 29, 1952 and shall
thereafter be prosecuted with reasonable diligence and be completed on or before
October 1, 1954.

Complete application of the water to the proposed use shall be made on or before
October 1, 1955.

WITNESS my hand this 29th day of August,

Charles E. Shultz
STATE ENGINEER

Permits for power development are subject to the payment of annual fees as provided in sections 1 and 2, chapter 14, Oregon Laws 1923
