

APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, Myron S. Kropsey (Name of applicant)

of Rt. 4, Box 197, Corvallis, Oregon (Mailing address)

State of Oregon, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Dixon Creek (Name of stream)

a tributary of Willamette

2. The amount of water which the applicant intends to apply to beneficial use is

cubic feet per second. 0.0125 cfs

(If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is Irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 2545 ft. N. and 620 ft. W. from the SE corner of Section 27 of T11S R5W of the Willamette Meridian, Benton Co. (N. or S.) (E. or W.)

(Section or subdivision)

(If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)

being within the NE 1/4 of Sec. 27, Tp. 11 S., R. 5 W.

R. 5 W. W. M. in the county of Benton

5. The None to be (Main ditch, canal or pipe line) (Miles or feet)

in length, terminating in the of Sec. 27, Tp. 11 S., R. 5 W.

R. 5 W. W. M. the proposed location being shown throughout on the accompanying map

DESCRIPTION OF WORKS

Division Works--

6. (a) Height of dam None feet, length on top feet, length at base feet, material to be used and character of construction

(b) Description of headgate None

(c) If water is to be pumped give general description 1/3 HP motor, 120 volt electric pump

** If reference to application is provided where storage works are contemplated

** If applicant proposes to divert the water for the generation of electricity, with the exception of small-scale hydroelectric projects, the applicant shall file a separate application with the Department of Geology and Mineral Industries, Oregon State Department of Geology and Mineral Industries, Salem, Oregon.

Canal System or Pipe Line—

Pipe line consists of 120' of 1" pipe

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) None feet; width on bottom None feet; depth of water None feet; grade None feet fall per one thousand feet.

(b) At None miles from headgate: width on top (at water line) None feet; width on bottom None feet; depth of water None feet; grade None feet fall per one thousand feet.

(c) Length of pipe, 120' ft.; size at intake, 1 1/2" in.; size at None ft. from intake None in.; size at place of use 1" in.; difference in elevation between intake and place of use, About 2' ft. Is grade uniform? Yes Estimated capacity, .0125 sec. ft.

8. Location of area to be irrigated, or place of use None

Township North or South	Range E. or W. of Willamette Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
----------------------------	---	---------	------------------	------------------------------

Description of Place to be irrigated

Beginning at a point on the West line of the D.I.C. of Elias W. Stout and wife, claim number 48, in Section 27, T11S, R5W of the Willamette Meridian in Benton County, Oregon, which said point of beginning is North 0° 20' West 27.07 chains from the South West corner of said claim of and runs thence North 0° 20' West 1.56 chains, thence S 86° 37' West 6.41 chains to the point of beginning.

11 S.	5 W	27	NE 1/4 SE 1/4	1
-------	-----	----	---------------	---

(If more space required, attach separate sheet)

(a) Character of soil clay

(b) Kind of crops raised garden crops and fruit trees

Power or Mining Purposes—

9. (a) Total amount of power to be developed None theoretical horsepower.

(b) Quantity of water to be used for power None sec. ft.

(c) Total fall to be utilized None feet.

(d) The nature of the works by means of which the power is to be developed None

(e) Such works to be located in None of Sec. None

Tp. None R. None W. M. None

(f) Is water to be returned to any stream? None

(g) If so, name stream and locate point of return None

None Sec. None Tp. None R. None W. M. None

(h) The use to which power is to be applied is None

(i) The nature of the mines to be served None

10. (a) To supply the city of _____

_____ County, having a present population of _____

(Name of)

and an estimated population of _____ in 19_____

(b) If for domestic use state number of families to be supplied _____

(Answer questions 11, 12, 13, and 14 in all cases)

11. Estimated cost of proposed works, \$ 8,175.00

12. Construction work will begin on or before Aug. 15, 1952

13. Construction work will be completed on or before Feb. 1, 1953

14. The water will be completely applied to the proposed use on or before March 1, 1953

WITNESS my hand this _____ day of _____, 19_____

PERMIT

STATE OF OREGON,

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.913 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Dixon Creek

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year.

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is August 11, 1952

Actual construction work shall begin on or before March 31, 1954 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955

Complete application of the water to the proposed use shall be made on or before October 1, 1955

WITNESS my hand this 31st day of March, 1953

Chas. E. Suricklin STATE ENGINEER
