3. The use to which the water is to be applied is Irrigation

4. The point of diversion is located 1800 ft. N and 1900 ft. W from the SE corner of Section 35 T1S R4W W.M. Point of diversion is in the NW 1/4 of SE 1/4 of Sec. 35.

being within the Town of Gaston of Sec. 35, Tp. 1S R. 4W, W. M., in the county of Washington

5. The in length, terminating in the of Sec. Tp. R. W. M., the proposed location being shown throughout on the accompanying map.

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam feet, length on top feet, length at bottom feet; material to be used and character of construction

(b) Description of headgate

(c) If water is to be pumped give general description 1 Horse Convertible Jet Pump 1 horse motor 1300 Gal. Per hr

*A different form of application is provided where storage works are contemplated. **Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission.

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(b) At miles from headgate: width on top (at water line) feet; width on bottom feet; depth of water feet; grade feet fall per one thousand feet.

(c) Length of pipe, ft.; size at intake, in.; size at ft. from intake in.; size at place of use in.; difference in elevation between intake and place of use, ft. Is grade uniform? Estimated capacity, sec. ft.

8. Location of area to be irrigated, or place of use *N.W. 1/4 of S.E. 1/4 of Sec. 35 T1S, R4W, W3M*

Township North or South	Range E. or W. of Willacotta Meridian	Section	Forty-acre Tract	Number Acres To Be Irrigated
15	4W	35	<i>NW 1/4 of SE 1/4 of Sec 35</i> <i>2 acres</i>	<i>2 acres</i>

Being that part of the DLC of Donald McLeod and wife beginning at a point on the south boundary of the Right Away of the ditch of the Goston Co operative Milling Co where the same crosses the west line of F.L. Kobenstein, running thence north on the west line of said tract of F.L. Kobenstein to the center of Tualatin River; Thence westerly up said center line of Tualatin River to East line of B.A. Larson 12 acres; Thence south on said line to the South side of Goston Co operative Milling Co's ditch right of way; Thence east along said line to the place of beginning

(If more space required, attach separate sheet)

(a) Character of soil *Willamette soil*
 (b) Kind of crops raised *Blue Berries and Garden*

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.
 (b) Quantity of water to be used for power sec. ft.
 (c) Total fall to be utilized feet.
 (Head)
 (d) The nature of the works by means of which the power is to be developed

(e) Such works to be located in of Sec.
 (Legal subdivision)

Tp., R., W. M.
 (No N or S) (No E or W)

(f) Is water to be returned to any stream?
 (Yes or No)
 (g) If so, name stream and locate point of return
 Sec., Tp., R., W. M.
 (No N or S) (No E or W)

(h) The use to which power is to be applied is
 (i) The nature of the mines to be served

Municipal or Domestic Supply

10. (a) To supply the city of _____

_____ County, having a present population of _____

and an estimated population of _____ in 19____

(b) If for domestic use state number of families to be supplied _____

11. Estimated cost of proposed works, \$ 250.00

12. Construction work will begin on or before May 1st 1953

13. Construction work will be completed on or before June 1st 1953

14. The water will be completely applied to the proposed use on or before June 1, 1953

STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before _____, 19_____

WITNESS my hand this _____ day of _____, 19_____

PERMIT

STATE OF OREGON

County of Marion

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 0.025 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Tualatin River

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is January 5, 1953

Actual construction work shall begin on or before August 21, 1954 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955

Complete application of the water to the proposed use shall be made on or before October 1, 1956

WITNESS my hand this 21st day of August, 1953

Chas E Stricklin STATE ENGINEER
