## Commence of the second second

Compared the state of the state

To Appropriate the Public Waters of the State of Oregon Estate characteristics with the State of Oregon
1, Contro St. Frein Seinder. Born J. Peak, Ministries
(Mone of egotteent)
Allahar albaha
State of
following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:
If the applicant is a corporation, give date and place of incorporation
1. The source of the proposed appropriation isClark's Crosk
, a tributary of Columbia River
2. The amount of water which the applicant intends to apply to beneficial use is 60 C.F
(N water is to be used from more than one source, give quantity from each)  **3. The use to which the water is to be applied is Sprinkler Irrigation
(firigation, power, mining, manufacturing, domestic supplies, etc.
4. The point of diversion is located
COTNET Of(Section or subdivision)
(If preferable, give distance and bearing to section corner)
(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)
being within the S. V. S. E. S. E. of Sec. 4, Tp. 2 South
R. 25 Mast, W. M., in the county of Cocou
5. The
in length, terminating in the of Sec, Tp
R
DESCRIPTION OF WORKS
Diversion Works—
6. (a) Height of dam feet, length on top feet, length at bott
feet; material to be used and character of construction  (Loose rock, concrete, mass
rock and brush, tumber crib, etc., wasteway over or around dam)
(b) Description of headgate
(c) If water is to be pumped give general description 2 inch centrifugal with electrical (Size and type of pump)

cotoc, and an approximate lift of 34 Feet.
(Gize and type of engine or motor to be used, total head water is to be lifted, etc.)

<sup>\*</sup>A different form of application is provided where storage works are contemplated. \*\*Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, 1-53-4M
