

APPLICATION FOR PERMIT

To Appropriate the Public Waters of the State of Oregon

I, Harold Levers and Iris Levers, husband and wife, dba Willamette Builders  
(Name of applicant) Supply Co.

of Amesville  
(City or town)

State of Oregon, do hereby make application for a permit to appropriate the

following described public waters of the State of Oregon, **SUBJECT TO EXISTING RIGHTS:**

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is North Santiam River  
(Name of stream)

, a tributary of Willamette River

2. The amount of water which the applicant intends to apply to beneficial use is (2.0) 2.0  
cubic feet per second.  
(If water is to be used from more than one source, give quantity from each)

\*\*3. The use to which the water is to be applied is manufacturing  
(Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion is located 520 ft. S and 880 ft. E from the N.W.  
(N. or S.) (E. or W.)  
corner of Sec. 15 T. 9 S. R. 1 W., W.M., being within the Northwest quarter of North-  
(Section or subdivision)  
west quarter of Section 15 T. 9 S. R. 1 W., W. M., also being the location of the  
main headgate of the Willamette Valley Water Company

(If preferable, give distance and bearing to section corner)

(If there is more than one point of diversion, each must be described. Use separate sheet if necessary)

being within the NW 1/4 NW 1/4 of Sec. 15, Tp. 9S  
(Give smallest legal subdivision) (N. or S.)

R. 1W, W. M., in the county of Marion  
(E. or W.) Main Canal 12' bottom; Porter Canal 6' bottom; See map attached of -  
5. The Collier Lateral 8' bottom to be approximately 5 miles  
(Main ditch, canal or pipe line) (Miles or feet)

in length, terminating in the southwest of southwest of Sec. 15, Tp. 9S  
(Smallest legal subdivision) (N. or S.)

R. 1W, W. M., the proposed location being shown throughout on the accompanying map.  
(E. or W.)

DESCRIPTION OF WORKS

Diversion Works—

6. (a) Height of dam \_\_\_\_\_ feet, length on top \_\_\_\_\_ feet, length at bottom \_\_\_\_\_  
feet; material to be used and character of construction \_\_\_\_\_  
(Loose rock, concrete, masonry,

rock and brush, timber crib, etc., wasteway over or around dam)

(b) Description of headgate Concrete 3 openings each 2' square belonging to  
(Timber, concrete, etc., number and size of openings)  
the Willamette Valley Water Co.

(c) If water is to be pumped give general description \_\_\_\_\_  
(Size and type of pump)

(Size and type of engine or motor to be used, total head water is to be lifted, etc.)

\*A different form of application is provided where storage works are contemplated.

\*\*Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, must be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

Canal System or Pipe Line

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from headgate. At headgate: width on top (at water line) 18 feet; width on bottom

12 feet; depth of water 2 to 5 feet; grade 1.0 feet fall per one thousand feet.

(b) At 2 miles from headgate: width on top (at water line) 10

feet; width on bottom 8 feet; depth of water 2 to 3 feet;

grade .06 feet fall per one thousand feet.

at 3 miles - width at water surface 10 feet; bottom width 6 feet.

(c) ~~1.0 feet fall per 1000~~ 1.0 feet fall per 1000 ft.; size at intake, in.; size at

from intake in.; size at place of use in.; difference in elevation between

intake and place of use, ft. Is grade uniform? Estimated capacity,

sec. ft.

8. Location of area to be irrigated, or place of use SW $\frac{1}{4}$  of SW $\frac{1}{4}$  Sec. 31 T. 8 S. R. 1 W., Marion

The legal description of the two (2) parcels of land comprising the pond and millsite of Willamette Builders Supply Company are as follows:

Beginning at a point which is the intersection of the South line of the John McHaley Donation Land Claim #37 in Township 8 South, Range 1 and 2 West, Willamette Meridian, Marion County, Oregon, with the East line of the Southern Pacific Railway Company's right of way; thence Southerly along the East line of said right-of-way 20.93 chains to the center line of a county road; thence Easterly along the center line of said county road, 9.56 chains; thence Northerly parallel with the East line of said railroad right-of-way, 20.93 chains to the South line of said McHaley Donation Land Claim; thence Westerly along said South Line, 9.56 chains to the place of beginning, containing 20.00 acres, more or less, and being situated in the Southwest quarter of Section 31, Township 8 South, Range 1 West, Willamette Meridian, Marion County, Oregon, and the Northwest quarter of Section 6, Township 9 South, Range 1 West, Willamette Meridian, Marion County, Oregon. Save and except that portion of the above described tract included in the county road.

Beginning at a point which is North 88° 28' West 32.6 feet from the Southeast corner of the MacHaley Donation Land Claim in Marion County, Oregon; running thence South 0° 9' East 1075.40 feet; thence South 89° 49' West 405.69 feet to the East line of a tract of land conveyed by Claude Boone and M. Maude Boone to Harold Leever by deed recorded August 17, 1946 at Page 94, Volume 353, Deed Records of Marion County, Oregon; thence North 0° 12' East, along the East line of said Leever's tract, 1086.25 feet to an iron pipe; thence South 88° 28' East 419.40 feet to the place of beginning.

SAVE AND EXCEPT THEREFROM a strip 20 feet wide along the east side of the above described premises, which is reserved for road purposes.

ALSO SAVE AND EXCEPT an easement for a ditch across said premises granted to Harold Leever

See Sec. 31 T. 8 S. R. 1 W., Marion Co., Oregon. W. M.

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

22261

Canal System or Pipe Line—

7. (a) Give dimensions at each point of canal where materially changed in size, stating miles from

headgate. At headgate: width on top (at water line) 18 feet; width on bottom 12 feet; depth of water 2 to 5 feet; grade 1.0 feet fall per one thousand feet.

(b) At 2 miles from headgate: width on top (at water line) 10 feet; width on bottom 8 feet; depth of water 2 to 3 feet; grade .06 feet fall per one thousand feet.

at 3 miles - width at water surface 10 feet; bottom width 6 feet.

(c) 1.0 feet fall per 1000 ft.; size at intake, in.; size at

from intake in.; size at place of use in.; difference in elevation between

intake and place of use, ft. Is grade uniform? Estimated capacity,

sec. ft.

8. Location of area to be irrigated, or place of use SW 1/4 of SW 1/4 Sec. 31 T. 8 S. R. 1 W., W.M.

The legal description of the two (2) parcels of land comprising the pond and millsite of Willamette Builders Supply Company are as follows:

Beginning at a point which is the intersection of the South line of the John McHaley Donation Land Claim #37 in Township 8 South, Range 1 and 2 West, Willamette Meridian, Marion County, Oregon, with the East line of the Southern Pacific Railway Company's right of way; thence Southerly along the East line of said right-of-way 20.93 chains to the center line of a county road; thence Easterly along the center line of said county road, 9.56 chains; thence Northerly parallel with the East line of said railroad right-of-way, 20.93 chains to the South line of said McHaley Donation Land Claim; thence Westerly along said South Line, 9.56 chains to the place of beginning, containing 20.00 acres, more or less, and being situated in the Southwest quarter of Section 31, Township 8 South, Range 1 West, Willamette Meridian, Marion County, Oregon, and the Northwest quarter of Section 6, Township 9 South, Range 1 West, Willamette Meridian, Marion County, Oregon. Save and except that portion of the above described tract included in the county road.

(b) Kind of crops raised

Power or Mining Purposes—

9. (a) Total amount of power to be developed theoretical horsepower.

(b) Quantity of water to be used for manufacturing 2.0 sec. ft.

(c) Total fall to be utilized feet.

(d) The nature of the works by means of which the power is to be developed

miscellaneous manufacturing plant use

(e) Such works to be located in SW 1/4 of SW 1/4 of Sec. 31

Tp. 8 S., R. 1 W., W. M.

(f) Is water to be returned to any stream? Yes (Yes or No)

(g) If so, name stream and locate point of return Willamette Valley Water Co. canal at

headgate site. See canal capacity Contract attached Sec. 31, Tp. 8 S., R. 1 W., W. M.

(h) The use to which power is to be applied is

(i) The nature of the mines to be served

10. (a) To supply the city of \_\_\_\_\_

\_\_\_\_\_ County, having a present population of \_\_\_\_\_

and estimated population of \_\_\_\_\_ in 19\_\_\_\_

(b)  for domestic use other than water of facilities to be supplied \_\_\_\_\_

11. Estimated cost of proposed work, \$100,000.00

12. Construction work will begin on or before \_\_\_\_\_ all completed as of this date except about \$100.00 of betterment work at the intake gates at or near the S.E. corner of

13. Construction work will be completed on or before 1st of Sept Sec. 31 T. 8 S. R. 1 W.

14. The water will be completely applied to the proposed use on or before May 15, 1953

Willamette Builders Supply Co.  
By Harold Jensen  
(Signature of applicant)

Remarks: Explanation of special factors affecting this application: .

1. This application is for a permit to divert Public waters of the North Santiam River which now and continuously have been returning to the live flow of said river, since the early history of the area, via of a power canal.

2. The point of diversion herein designated is on said power developments wast or tail race and at the present division headgate owned and operated by the Willamette Valley Water Company. Should there be a time when Public water is not available at this point on said power wasteway, then the applicant requests the right to change the point of diversion and application for said change to be made at such time as the necessities.

3. The <sup>diversion</sup> ~~distibution~~ to the point of use is via of the headgate and canals owned by the Willamette Valley Water Co. and the Porter Improvement District and the right is evidenced by virtue of a written agreement signed by the agreeing parties and is attached hereto.

Special manipulation of the irrigation waters of said canal as outlined in said agreement via of the storage works is desirable by all parties to the agreement. From experience in such manipulation it appears that no unnecessary wast of water will result.

STATE OF OREGON, }  
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for \_\_\_\_\_

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before \_\_\_\_\_, 19\_\_\_\_\_

WITNESS my hand this \_\_\_\_\_ day of \_\_\_\_\_, 19\_\_\_\_\_

PERMIT

STATE OF OREGON,

County of Marion,

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 2.00 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from North Santiam River

The use to which this water is to be applied is manufacturing

If for irrigation, this appropriation shall be limited to - - - - - of one cubic foot per second or its equivalent for each acre irrigated

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is April 15, 1953

Actual construction work shall begin on or before August 21, 1954 and shall

thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.

Complete application of the water to the proposed use shall be made on or before October 1, 1956.

WITNESS my hand this 21st day of August 1953

Chas. E. Stricklin STATE ENGINEER

Application No. 28313  
Permit No. 22261

PERMIT  
TO APPROPRIATE THE PUBLIC  
WATERS OF THE STATE  
OF OREGON

This instrument was first received in the  
office of the State Engineer at Salem, Oregon,  
on the 15th day of April  
1953, at 2:05 o'clock P. M.
