

*APPLICATION FOR PERMIT

To appropriate the Public Waters of the State of Oregon

I, MRS. CYDE E. WRIGHT, (Name of applicant) of 350 E. 18 APT. 8 EUGENE, OREGON (Mailing address) State of OREGON, do hereby make application for a permit to appropriate the following described public waters of the State of Oregon, SUBJECT TO EXISTING RIGHTS:

If the applicant is a corporation, give date and place of incorporation

1. The source of the proposed appropriation is Snow Slough, Gidding's Creek, and Waterhouse Slough (Name of stream) originating on the property, a tributary of Willamette River

2. The amount of water which the applicant intends to apply to beneficial use is 1 cubic ft per second. (If water is to be used from more than one source, give quantity from each)

**3. The use to which the water is to be applied is irrigation (Irrigation, power, mining, manufacturing, domestic supplies, etc.)

4. The point of diversion to irrigate field # 1 is located 2028.7 feet, N 76° 50' W. from the N. E. corner of the Thomas Clark D. L. C. # 48 being within the NE 1/4 SW 1/4 of section 11, T 20 S. - R. 3 W., Lane County, Oregon

The point of diversion to irrigate fields # 2, #5, & #7 is located 3259.2 feet, N. 74° 56' W. from the N. E. corner of the Thomas Clark D. L. C. # 48, being within the NW 1/4 SW 1/4 of section 11, T. 20 S. - R. 3 W., Lane County, Oregon

The point of diversion to irrigate field # 3 is located 3343.4 feet, N 28° 18' W. from the N. E. corner of the Thomas Clark D. L. C. # 48 being within the NE 1/4 NW 1/4 of section 11, T 20 S - R 3 W., Lane County, Oregon

The point of diversion to irrigate fields # 4 and 6 is located 2287.6 feet, N 39° 22' W from the N. E. corner of the Thomas Clark D. L. C. # 48 being within the SE 1/4 NW 1/4 of section 11, T 20 S - R 3 W., Lane County, Ore.

DESCRIPTION OF WORKS

Diversion Works--

6. (a) Height of dam 7 ft feet, length on top 200 ft feet, length at bottom 200 ft feet; material to be used and character of construction concrete (Loose rock, concrete, masonry) timber, there are natural ponds rock and brush, timber crib, etc. wasteway over or around dam

(b) Description of headgate concrete (Timber, concrete, etc., number and size of openings)

(c) If water is to be pumped give general description centrifugal (Size and type of pump) 20 hp horizontal gas engine (Size and type of engine or motor to be used, total head water to be lifted, etc.)

*A different form of application is provided where storage works are contemplated

**Application for permits to appropriate water for the generation of electricity, with the exception of municipalities, shall be made to the Hydroelectric Commission. Either of the above forms may be secured, without cost, together with instructions by addressing the State Engineer, Salem, Oregon.

PERMIT

STATE OF OREGON,

County of Marion,

} ss.

This is to certify that I have examined the foregoing application and do hereby grant the same, SUBJECT TO EXISTING RIGHTS and the following limitations and conditions:

The right herein granted is limited to the amount of water which can be applied to beneficial use and shall not exceed 1.0 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Waterhouse Slough, Snow Slough and Giddings Creek, being 0.599 cfs from Waterhouse Slough, 0.092 cfs from Snow Slough and 0.309 cfs from Giddings Creek.

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year, and shall be still further limited to a diversion of not to exceed 1.0 cfs,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is March 18, 1953

Actual construction work shall begin on or before November 20, 1954 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955.

Complete application of the water to the proposed use shall be made on or before October 1, 1956.

WITNESS my hand this 20th day of November 19 53.
