STATE OF OREGON, }
County of Marion, } ss.

This is to certify that I have examined the foregoing application, together with the accompanying maps and data, and return the same for _____

In order to retain its priority, this application must be returned to the State Engineer, with corrections on or before _____ 19 _____

WITNESS my hand this _____ day of _____, 19 _____

PERMIT

... and the foregoing application and do hereby grant the same, subject to the following limitations and conditions:

The amount of water to be granted is the amount of water which can be applied to beneficial use and shall not exceed 0.175 cubic feet per second measured at the point of diversion from the stream, or its equivalent in case of rotation with other water users, from Walluski Creek

The use to which this water is to be applied is irrigation

If for irrigation, this appropriation shall be limited to 1/80 of one cubic foot per second or its equivalent for each acre irrigated and shall be further limited to a diversion of not to exceed 2 1/2 acre feet per acre for each acre irrigated during the irrigation season of each year,

and shall be subject to such reasonable rotation system as may be ordered by the proper state officer.

The priority date of this permit is September 2, 1953

Actual construction work shall begin on or before January 22, 1955 and shall thereafter be prosecuted with reasonable diligence and be completed on or before October 1, 1955

Complete application of the water to the proposed use shall be made on or before October 1, 1956

WITNESS my hand this 22nd day of January, 1954
Chas. E. Stricklin
STATE ENGINEER
